ACCESSORIES

# WHAT'S NEW

**3** We improved our “3 Steps To A Dream” pre-pointe offerings — perhaps you had the opportunity to try them already at our fitting events, but now we collected all the feedback from dancers and teachers and now we present to you our updated system to strengthen the feet and prepare to go en pointe.

**N** We added a new width for very narrow feet — N. The N width is available for pointe shoes based on 2007 last: 3007, 2007, Miracle, Nova, Exam, Novice, and Alice at the regular price.

**R** StreamPointe, the style known for its pliability, had the R (Reinforced) added to its shank options. Now dancers preferring this style can have more support, enough for advanced en pointe elements.

**F** Victory pointe shoes had F (Flex) added to its shank options. Now dancers preferring this shoe can have more flexibility. We are constantly redefining our pointe shoe system to ensure dancers have what works the best for them.

# NEW MODEL

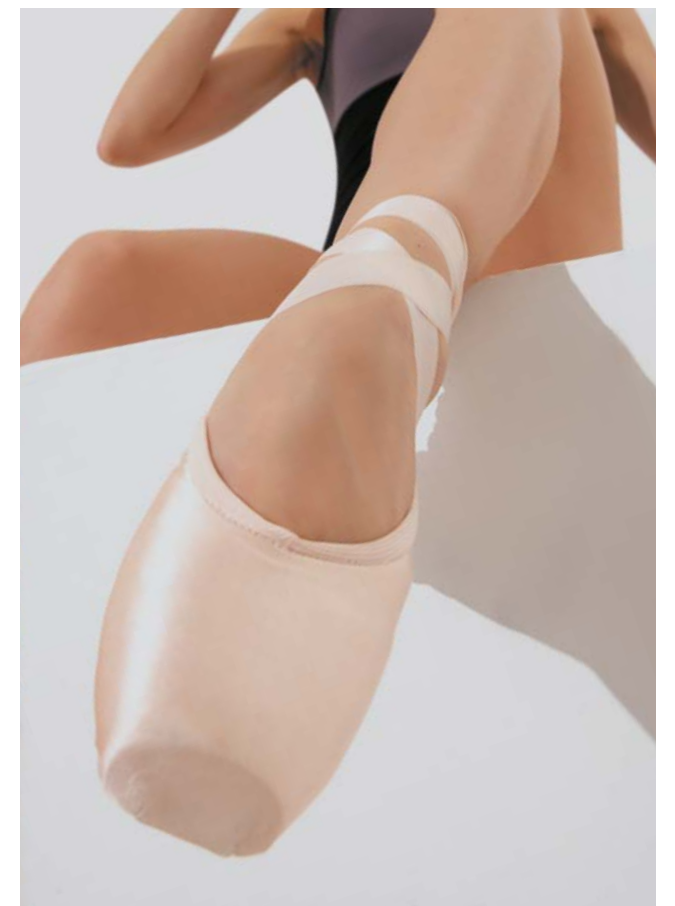

Introducing the StarPointe, our newest pointe shoe model. StarPointe is part of our Innovative Shank Construction collection. For further details, look at our pointe shoes made on the SmartPointe last.

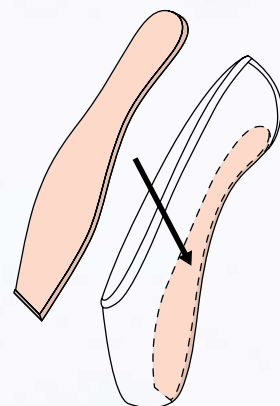

# POINTE SHOES

GRISHKO® offers the widest variety of pointe shoes on the market. The number of stock model variations (model, shank, size, width, strength) exceeds 20 000, and this number doesn't include the additional technologies, colors, and individual orders with different adjustments!

Often dancers use one particular model of pointe shoes in different shanks depending on the performances they will partake in. And sometimes, they require slight adjustments to their stock model. To make this easier for our customers, we have added a number of technologies and options to fully customize fit, look and even the function of the pointe shoe.

## CLASSIC SHANK CONSTRUCTION

Unique fully hand crafted production based on all natural materials. The variable shank strengths and breakdown during the lifespan of the shoe keep ones foot well trained and help to prevent injuries.

## CLASSIC, BUT DIFFERENT

**CLASSIC**  
Classic strong shank preferred by professionals. Good for advanced en-pointe elements.

**EASY ROLL-THROUGH**  
Easier roll-through demi-pointe to an en-pointe position for extra articulation of the metatarsal.

**READY-TO-WEAR**

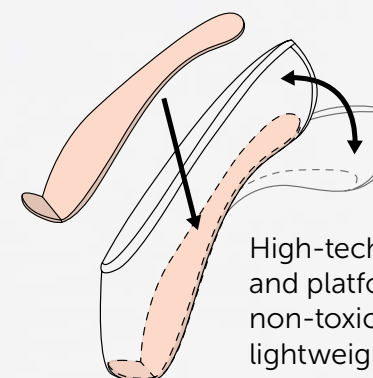

**FLEX**  
Flexible shank, preferable for demi-pointe elements and contemporary in addition to classic en-pointe elements.

**READY-TO-WEAR**

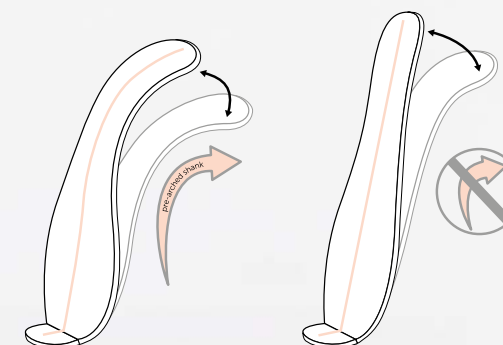

## INNOVATIVE SHANK CONSTRUCTION

Flexible and supportive shanks suitable for any technique level. Long lasting performance.

High-tech cast-in insole and platform, made of non-toxic thermoformable lightweight material, is adjustable to any foot arch and muscle strength.

Unique construction using high-tech materials provides longer life span.

## READY-TO-WEAR

Do not hammer

Soften the box with fingers

Do not break the shank

**ATTENTION!**  
**INNOVATIVE POINTE SHOE MODELS ARE READY-TO-WEAR.**  
**BREAKING IN THE SHANK WILL CAUSE DAMAGE OF THE SHOES.**

# HOW TO CHOOSE

The fitter should first choose the last according to the foot shape and toe configuration. And next, consider box, platform, vamp and other features.

GRISHKO® offers the widest variety of stock models to fit any foot.

Our pointe shoes are based on 4 different lasts (forms): 2007, Fouette, SmartPointe and Victory. Each last is designed to suit a particular foot and toe shape configuration. It is important to feature all four lasts for the perfect fitting experience.

\*The above chart is recommended, but non-regulatory. Sometimes the best suitable pair is based on compression and development of the dancer's foot. And can be found within different GRISHKO® models.

# TECHNOLOGY

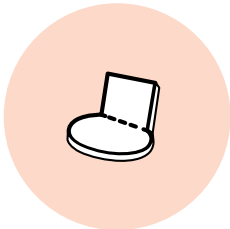

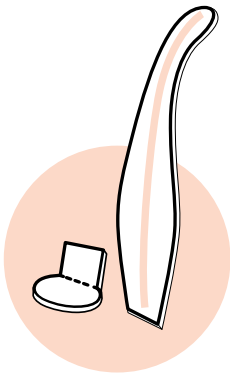

## PRO

## SILENCE

Innovative damping compound of "Silent knot" technology eliminates the sound of pointe shoes on any surface.

- PRO technology in machine-stitched models (Maya I, 3007, Nova, etc.) is a combination of "Silent knot" and silent insole. The insole is made of sound absorbing material, which feels slightly softer compared to classic construction.
- PRO in hand-stitched models (Fouette, Triumph): with "Silent knot" has no changes to the shank flexibility.

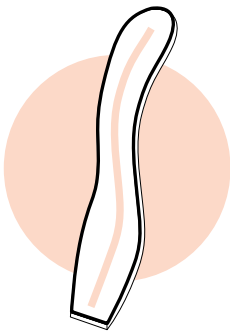

## FLEX

## FLEXIBILITY

- Flexible shank feels like ready-to wear, as it adapts to the arch.
- Easier to bend the shank.
- Additional comfort during roll-through to demi-pointe and en-pointe.
- Suitable for all levels from beginners to professionals. Flex shanks are often used as first pointe shoes after the demi-pointe shoes. Please, ensure you take into consideration the dancer's arch and strength.

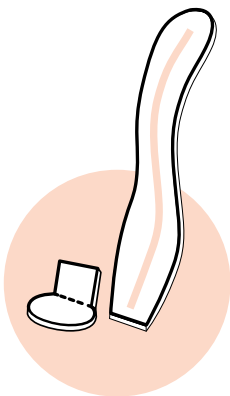

## PRO FLEX

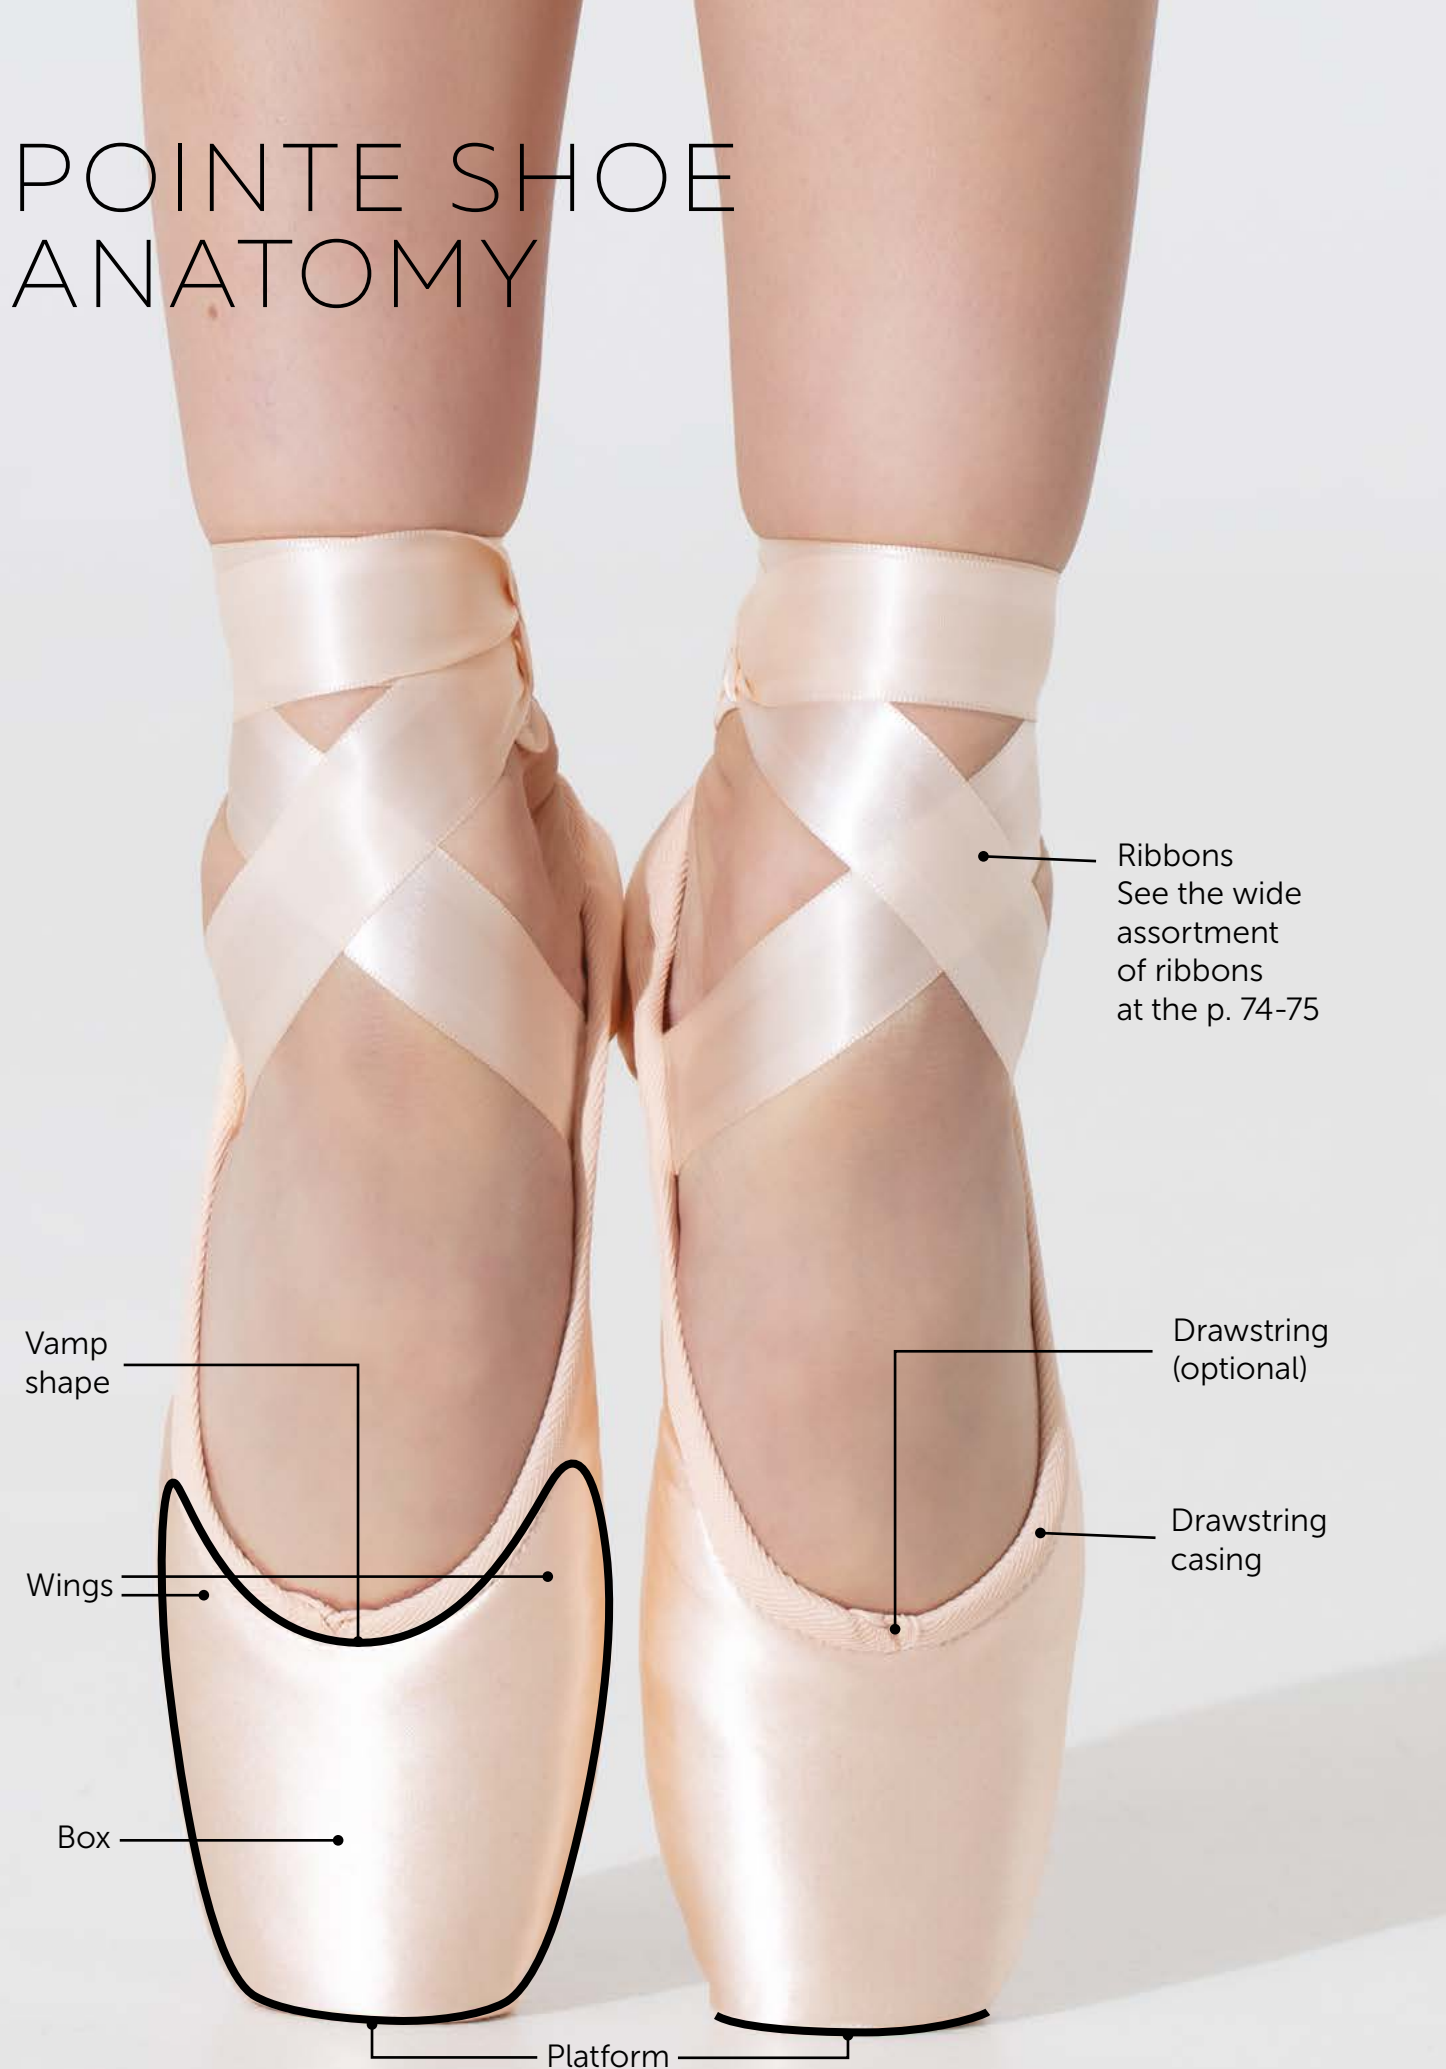

## COMBINATION OF BOTH

For those who prefer only the best, we offer two technologies together: PRO to reduce the pointe shoe sound and FLEX to follow one's arch and offer flexible comfort and control of roll-through demi-pointe.

# POINTE SHOE ANATOMY

# OUTSOLE

The outsole of all GRISHKO® pointe shoes is made of high quality natural leather which gives additional flexibility to the foot movements owing to the leather properties.

## HAND-STITCHED TURN-SHOE SOLE

A fully handmade classic method of pointe shoe production that features more flexibility and offers a longer lifespan. This outsole is fixed by a special invisible hand stitched method.

Vegan is not available 

## MACHINE STITCHED SOLE

A thin leather outsole is fixed to the satin with the help of a sewing machine to protect the insole. This outsole provides flexibility and extra articulation to any model made with this method. High quality leather along with branded patterns provide traction and extra security for the dancer.

 Vegan is available

These two technologies feel different — and we recommend trying several styles before choosing the most preferable for a dancer.

# BOX

Boxes of all GRISHKO® pointe shoes are made of natural materials that are breathable and safe for your skin. Jute, nettle and cotton are used in all production. These natural materials are used to keep the dancers' feet healthy.

These types of canvas provide different features, we use different combinations to make the box and wings more adaptive or resilient, pliable or supportive.

## CLASSIC GLUE

Classic glue is made of all natural materials. The glue adapts to the foot from the first day of wear, taking shape of every curvature, making it more comfortable yet resilient to daily use.

## MIRACLE GLUE

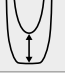

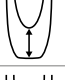

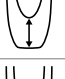

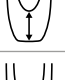

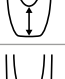

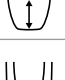

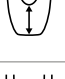

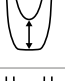

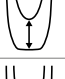

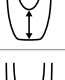

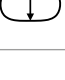

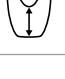

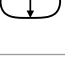

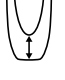

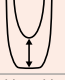

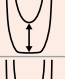

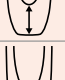

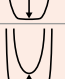

An innovative glue with memory effect. This lightweight glue offers extreme flexibility and can be easily adapted by hand. Once formed, it retains its elasticity and suppleness. Miracle glue got its name in that it offers the ultimate in comfort and ease of movement from the first wear. Works equally well in cold, warm and humid climates.

## TROPICANA GLUE

Dancers in humid climates and higher temperatures tend to wear out their shoes faster. Tropicana glue, while still made of all natural materials, has additional agents to make it more resistant to moisture and heat, making it very long lasting. We don't recommend ordering Tropicana glue for cold climate, as it can become too hard.

# PREPARATORY POINTE SHOES

Girls between the ages of 4–10 years wear soft ballet slippers to class. Generally, the transition to Pointe shoes is perceived to be painful for children.

The GRISHKO® Company specialists have developed a unique range of children's preparatory pointe shoes, which help children's feet to adapt gradually, step by step, without pain.

## 3 STEPS TO A DREAM

This line includes 3 models:

1. EXAM
2. ALICE
3. NOVICE

SHANKLESS  
 PRE-POINTE.

Helps to adapt the feet  
 to the feeling of pointe  
 shoes.

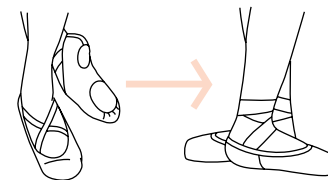

## Exam

**0512** Last type: 2007

**0512E** Last type: Victory (at request)

Allows the young dancer to get used to the shape and confinement of the toe box, with no stiffening materials in the sole. With 1/3 box length, this shoe will train the dancers foot properly by strengthening the forefoot of the dancer.

Sizes: 0,5 — 6,5  
 Width: N — XXXX  
 Shank: **No shank**  
 Box: 1/3  
 With elastic drawstring

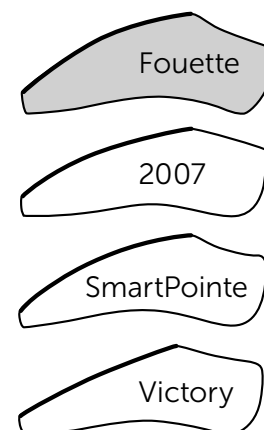

# Pointe shoes based on Fouette last

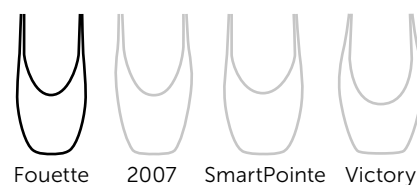

Fouette last is developed with consideration of anatomic features of the high arch and fuller tapered foot. Usually, it's Egyptian or Greek type of foot, but in wider width XXXX — XXXXX can be suitable for Roman type. Fouette is the implementation of a classic pointe shoe form — tapered and elegant.

- ELEGANT V-CUT VAMP.
- IDEAL FOR TAPERED AND FULLER FEET.
- CLASSIC SMART PASTE.

## Fouette 0501

Classic shank construction provides strong support for advanced en-pointe elements. This shank promotes a longer life after initial break-in.

Size: 0,5 — 8.5  
Width: X — XXXXX  
Shank: SS, S, M, H, SH

# Triumph

Platform: Wide  
Vamp: U-cut, Medium  
Sole: Hand-stitched  
Wings: High

- TURNSHOE STITCHING.
- IDEAL FOR "FULLER" FEET.
- CLASSIC MODEL FOR MEDIUM LENGTH TOES.
- LIGHTWEIGHT ELASTIC PASTE.

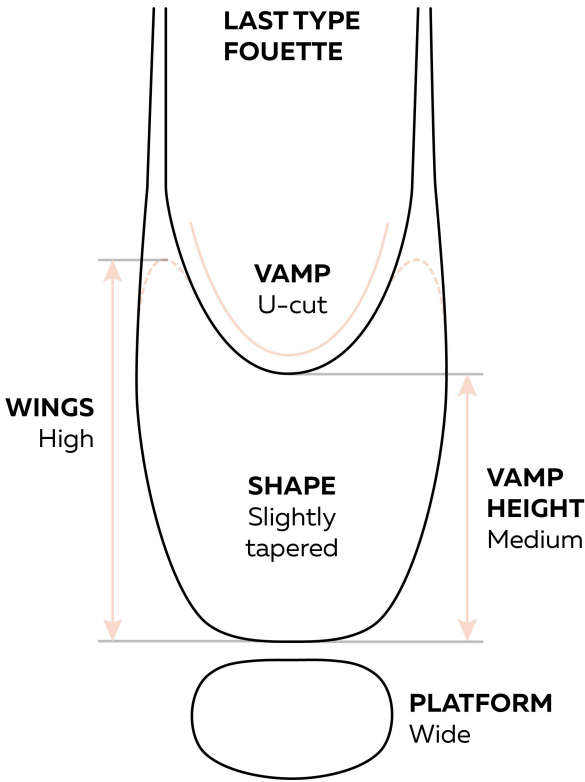

## Triumph 0519

Elegant shape that fits high arch with traditional hand-stitched natural leather outsole.

Size: 0,5 — 8.5  
Width: X — XXXXX  
Shank: SS, S, M, H, SH (at request)

### TRIUMPH

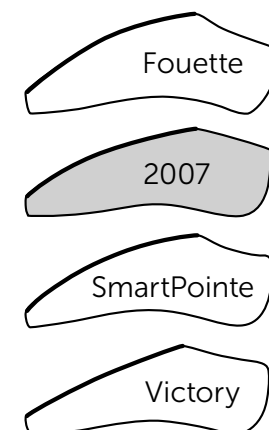

# Pointe shoes based on 2007 last

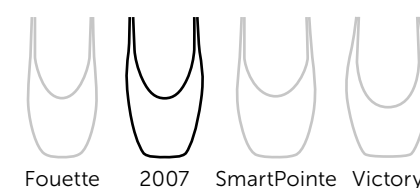

2007 last was developed with consideration of anatomic features of medium width foot, medium arch, and medium to long toes. This unique construction satisfies 90 % of dancers. Therefore, GRISHKO® has the widest variety of pointe shoe models based on the 2007 last. 2007 has a tapered dynamic form.

Vamp: U-cut, Medium  
Sole: Machine-stitched  
Wings: High

- ULTRA LIGHTWEIGHT.
- SUPER SLEEK.
- INCREDIBLY SOFT LINER WITH ANTIBACTERIAL TREATMENT.

## Miracle 0525

Unique construction of shank makes this style durable, light and flexible at the same time.

**MOST QUIET**  
Unique construction of silent knot in the metatarsal area makes this model the most quiet in the line.

**ANTIBACTERIAL BOX & SOLE**  
Silver nano technology treatment of the inner lining.

**INCREDIBLY SOFT**  
Padding in the platform and box liner are comfortable and allow the dancer to not wear toe pads if desired.

Size: 0,5 — 9  
Width: N — XXXXX  
Shank: LM, LH

# Pointe shoes based on SmartPointe last

The current changes in foot shapes around the globe have led to the design of our newest last. The SmartPointe last features lower crown, broader metatarsal area and narrow heel. Broad platform with elegant taper and perfect stability. This last was built upon dancers' and fitters' feedback over the last decade to fit the modern day foot.

- Different colors
- VEGAN Vegan option
- Tropicana glue for warm and humid climate

# SmartPointe

Platform: Wide  
Vamp: Soft V-cut, Medium  
Sole: Hand-stitched  
Wings: High

- PERFECT FOR WIDER METATARSAL.
- MEDIUM CROWN.
- FLEXIBLE PASTE AND SHANK.
- SLEEK BUT WIDE.

## SmartPointe 0537

Classic shank construction with easy roll-through. Antisleep microfiber heel.

SmartPointe has unique elastic glue that adapts to the dancers' foot but stays flexible. The box will mold to the dancer's foot shape over time with wear, but can also be adjusted during the initial fitting by hand.

## EASY ROLL-THROUGH

Size: 0,5 – 9  
Width: X – XXXXX  
Shank: SS, S, M, H, SH

# StreamPointe

Platform: Wide  
Vamp: Soft V-cut, Medium  
Sole: Machine-stitched  
Wings: High

- ELASTICATED BINDING.
- BROAD METATARSAL AREA.
- PLIABLE SHANK.
- LOW SIDES AND HEEL.
- STREAMLINED FIT.
- ADAPTABLE CROWN.

## StreamPointe 0541

Classic shank with easy roll-through. Elasticated binding further improves this new model, by providing a streamlined fit for dancers with shallow and square foot shapes. Pliable yet supportive shanks follow any arch height. Extreme flat platform will allow the dancer stability, and secure balance. Anti-slip microfiber heel. Soft memory effect insole and platform lining (2mm)

Size: 1 – 9  
Width: X – XXXXX  
Shank: S, M, H, R

# STREAMPOINTE

## BROAD METATARSAL AREA

Great for shallow feet that are broad throughout metatarsal.

### EASY ROLL-THROUGH

### ELASTICATED BINDING

# LONG-LASTING INNOVATION

Thermoformable shank lasts longer and gives both flexibility and resilient support to the foot.

# READY-TO-WEAR

Thermoformable insole.

Overly bending the shank will damage the shoe.

# IT TAKES A LEGEND TO MAKE A STAR

Adaptable crown accomodates all foot shapes.

STARPOINTE

# StarPointe

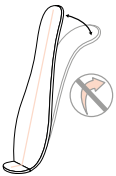

Platform: Wide  
Vamp: Soft V-cut, Medium  
Sole: Machine-stitched  
Wings: High

- INNOVATIVE CONSTRUCTION.
- SUPPORTIVE, YET FLEXIBLE SHANK.
- ELASTICATED BINDING.
- LOW SIDES WITH HIGHER HEEL.
- MICROFIBER HEEL CUP.

# StarPointe 0543

Based on the best selling StreamPointe model, StarPointe offers new possibilities with a different shank construction. The specially designed polymer shank is very supportive while also being flexible enough to form perfectly to any dancer's arch. A slightly raised heel offers fuller coverage and security. StarPointe features an elasticated binding for a streamlined fit.

Size: 0,5 – 9  
Width: X – XXXXX  
Shank: SF, MF, HF, SHF

# Pointe shoes based on Victory last

This unique yet extremely versatile last was created as an improvement to the iconic Elite last. This new last features an elegant faux taper that fits all foot shapes – Egyptian, Grecian and Roman. The Victory last has a broad platform for a perfect secure balance. This last was created for feet with a low to medium arch but also works for high arch. The U shaped vamp has a medium throat along with low sides and heel to showcase the dancer's feet.

# Victory

Platform: Wide  
Vamp: U-cut, Medium  
Sole: Hand-stitched  
Wings: High

- BROADEST PLATFORM.
- GENEROUS BOX.
- ELASTICATED BINDING.
- LUX INNER-LINING.
- EASY ROLL-THROUGH.

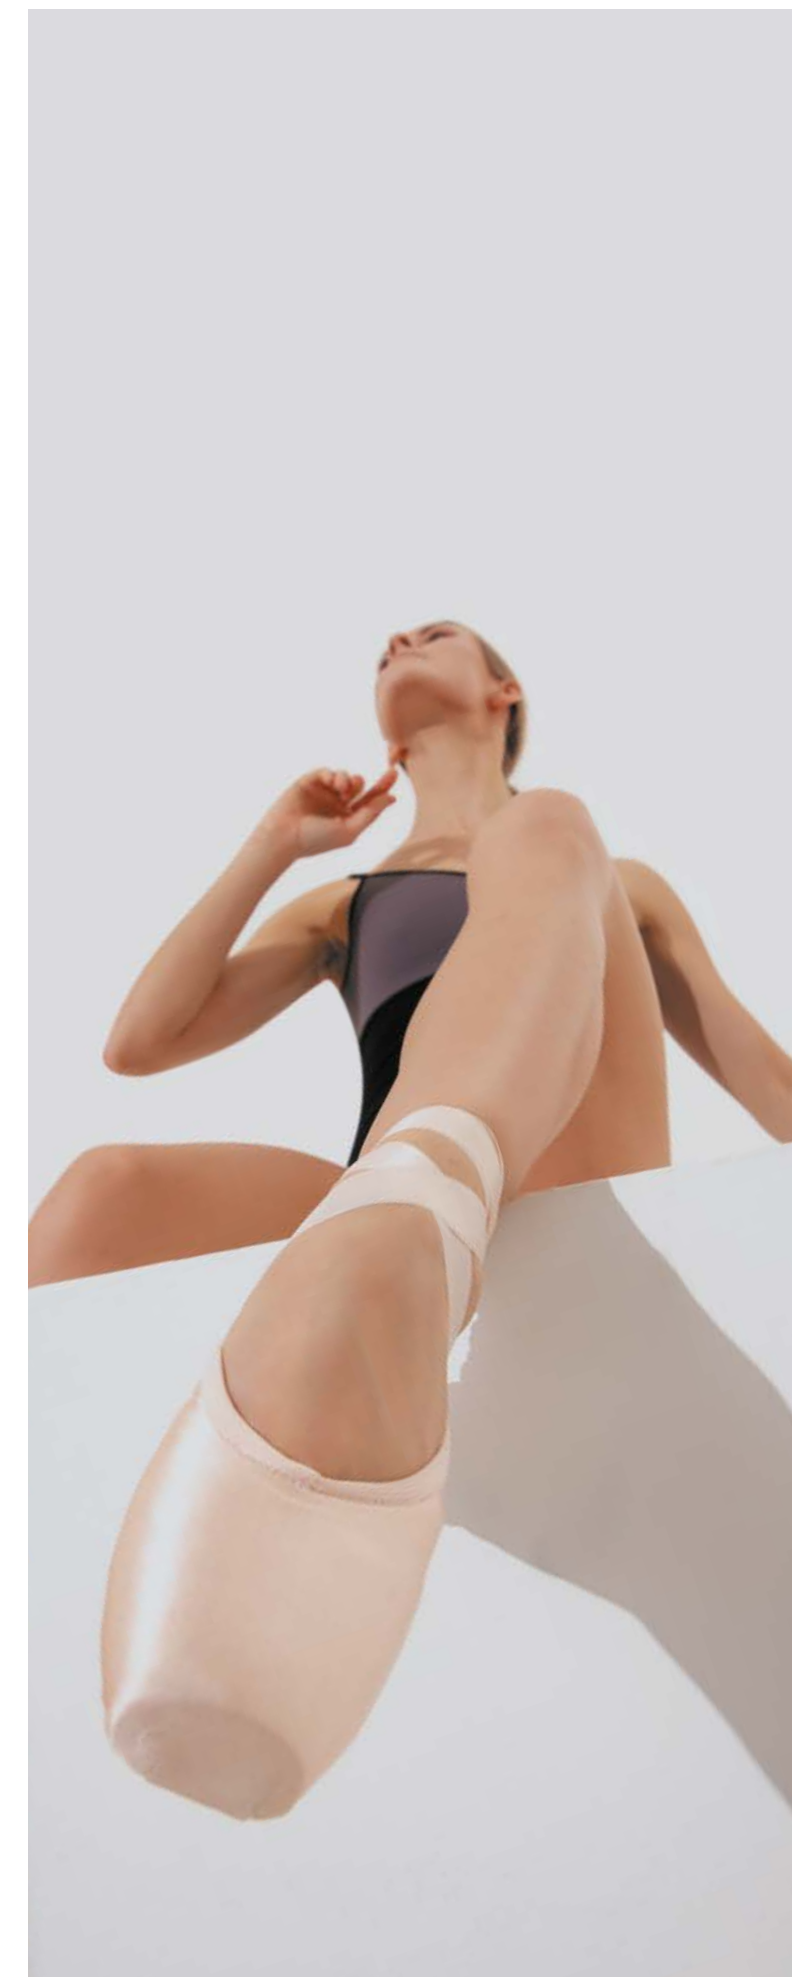

## Victory 0542

The wide box and extra internal space created by the faux taper make this model excellent for all foot shapes. Elasticated binding eliminates the need for a drawstring while the microfiber heel counter securely hugs the heel and prevents the shoe from slipping off. With a natural shank with easy roll-through and a brush of our Miracle paste on it's high wings, this model is very supportive while still allowing for easy demi-pointe. This instant best seller is humid climate resistant and long lasting. Victory is a must-have for your store's pointe shoe repertoire. Due to the high wing construction, this model is to be manipulated through the 3/4 area of the shank during the fitting, or broken in naturally by the heat of the foot.

## Victory FLEX 0542

Flex shank for dancers who need pliable shank for easy demi-pointe elements. This model hugs the dancer's arch to perfection.

Size: 1 – 11  
Width: X – XXXXXX  
Shank: SS, S, F, M, H, SH (at request)

treatment of the inner lining.

## BROADEST PLATFORM

This new last features an elegant faux taper, while still fitting very broad and square foot shape.

**EASY ROLL-THROUGH**

VICTORY

# SOFT BALLET SHOES

Soft ballet shoes seem simple, but that's only an illusion. For the majority of a dancer's career, they will be training in ballet flats, and finding a perfect shoe can be challenging. We've created different styles to work for dancers of every level and feet form.

We use canvas, stretch canvas, leather, or satin to offer dancers the choice they deserve. The outsole is usually suede, but we can replace it with the cruelty-free VEGAN option on request in split sole models.

# NEW LAST TO UNDERLINE FEET SHAPES

X-STRETCH

## X-Stretch

Absolutely amazing new last for soft ballet shoes creates a new form of the shoe that underlines arch and follows every shape of your feet. Strong stretch canvas hugs the foot and doubled heel grants the perfect shape.

- UNBELIEVABLE FLEXIBILITY.

# LYRICAL SHOES

GRISHKO® Gymnastics half-soles, or as we also refer to them as "turner shoes", are used by the Rhythmic Gymnastics Olympic team of the Russian Federation. These shoes have been tested and perfected over the years by some of the top gymnasts in the world as well as now being worn by the top contemporary dancers in the United States.

## MATERIALS AND PROPERTIES

### GENUINE LEATHER

Used to make the sole and the upper of the shoe. Breathable material. Adapts to the foot shape.

### MICROFIBER (artificial leather)

Provides sufficient floor grip. Allows the skin to breathe. Long-lasting material.

### CANVAS (100% cotton)

A breathable and hypo-allergenic type of natural fabric which can be easily dyed.

### CALICO (100% cotton)

An extra thin type of fabric for proper fit.

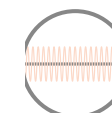

### TERRY FABRIC (100% cotton)

Ensures dry skin and protects the foot.

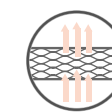

### NON-SLIP SILICON

The shoes straps are covered with special non-slip silicon to ensure that the shoes fit perfectly even when performing complex movements.

### FLAT SEAM

The sole and the upper are sewn together in such a way as to ensure that the seam is flat and even highly sensitive foot is guaranteed exceptional comfort.

### ELASTIC YARN THREAD (Polyamide)

Special type of elastic yarn used for sewing ensures that the shoe perfectly matches the shape of the foot.

### ELASTICATED BINDING

Due to elasticated binding the shoe securely hugs the foot and offers considerable comfort.

# Dream-Turner

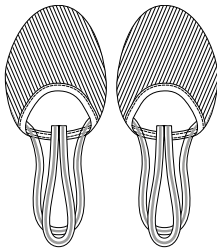

Long lasting four way stretch canvas that is strong and resilient with a shock absorbing padded insole and terry lining. Flat seams, full microfiber outsole and unique pleat-less construction offers comfort, durability and the best look to any foot on stage or rehearsal.

# Model 3 – Dance Sock

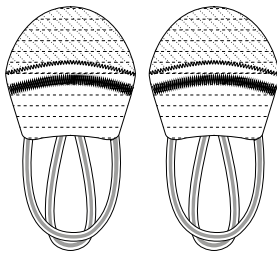

Special thickness of the polyamide thread used in the production of this model guarantees its exceptional durability. This model is machine washable! The shoes are extra light and incredibly comfortable.

# Silicone arch booster

Perfect for dancers with lower arch. Invisible under tights. Available in multiple sizes for perfect fit and compression support. Confidence booster for stage and auditions.

**0558**  
Material: Stretch fabric, silicone  
Silicone insert's size: S, M, L  
Sock's size: S (34 – 35),  
M (36 – 37,5),  
L (38 – 39,5)

# Pointe shoe covers

An ideal item for dancers backstage and between classes, they will keep your pointe shoes clean and stage ready. Pointe shoe protectors ideally fit and guarantee longer lifespan of your pointe shoes. Made of natural cotton to be breathable and hygienic.

**0560**  
Composition: 88% cotton, 10% polyamide, 2% elastane  
Sole: faux leather: 50% nylon, 50% PU  
Size: S — for pointe shoes size 2,5 – 3  
M — for pointe shoes size 3,5 – 4,5  
L — for pointe shoes size 5 – 6  
XL — for pointe shoes size 6,5 – 8

# Platform caps

**0555**  
Material: Split Leather  
Size: S, M

# Anti-slip platform caps

**0556**  
Material: Split Leather  
Size: one size

# 8-cut anti-slip platform caps

**0557**  
Material: Split Leather  
Size: one size

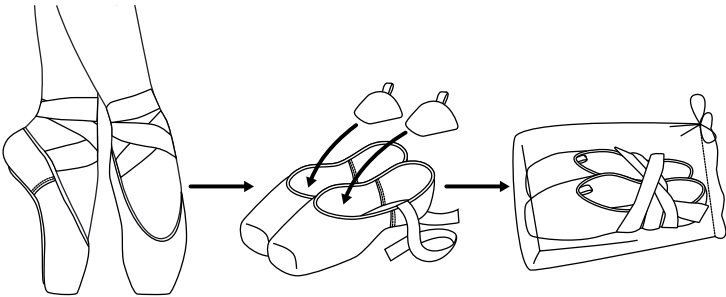

# Pointe shoe dryers

**0559**  
Color: ● Pink  
Filler: Silica Gel

This is something every fitter should offer with every pair of pointe shoes. These little helpers work wonders, eliminating the smell and pulling moisture right out of used pointe shoes. Our dryers add at least 30% lifespan to the box of your dancers pointe shoes. They must be replaced every three months for best results.

----- ✂️ DIY Adjust the form of caps to the required size with the help of scissors.

MORE SUPPORT

MORE FLEXION

CLASSICAL RIBBONS

Classical satin and cotton ribbons for dancers of all levels. Tightly secure the pointe shoe on the foot, provide maximum support.

Satin ribbon

**0510/9**  
Width: 24 mm  
Pack of 2 m  
Color: Ballet Pink Dark Nude

**0510/9R**  
Roll of 50 m

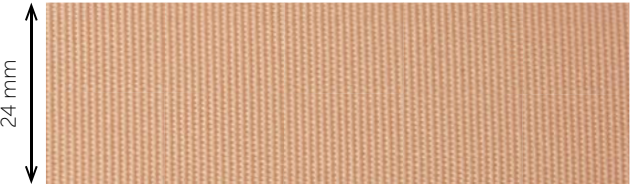

Satin ribbon of white, black, ballet pink colors to match pointe shoes. Classic look with a light sheer.

Cotton ribbon

**0510/1**  
Width: 24 mm  
Pack of 2 m  
Color: Ballet Pink

**0510/1R**  
Roll of 50 m

Cotton-like ribbon as matte surface prevents the ribbon from sliding off and grants a classic look.

ELASTIC RIBBON

Maximum flexibility that allows natural flexion of your heel and ankle.

**0002/7**  
Width: 25 mm  
Pack of 2 m  
Color: Ballet Pink

**0002/7R**  
Roll of 50 m

The elasticized ribbon feels very comfortable while dancing.

SATIN RIBBON WITH SILICONE

**0002/6**  
Width: 25 mm  
Pack of 2 m  
Color: Ballet Pink

**0002/6R**  
Roll of 50 m

Satin ribbon with silicone is perfect for dancing without tights as silicone securely fixes the ribbon on naked skin.

ELASTICS

Elastics are usually used in addition to ribbons to provide flexible fixing of pointe shoes on the feet. Some professional dancers use only elastics to fix their pointe shoes and create a contemporary look.

Mesh elastic

**0002/3**  
Width: 25 mm  
Pack of 1 m  
Color: Ballet Pink

**0002/3R**  
Roll of 25 m

Mesh elastic for those who prefer flexible fixing of the arch and ankle. Match the color of pointe shoes and theatrical pink ballet tights.

Transparent mesh elastic

**0002/2**  
Width: 28 mm  
Pack of 1 m  
Color: White

**0002/2R**  
Roll of 25 m

Grants a flexible fixing, being almost invisible even on the naked skin. Choose between transparent and nude to match the color of pointe shoes and tights.

Elastic

**0002/1**  
Width: 13 mm  
Pack of 1 m  
Color: Ballet Pink White Black Tan

**0002/1R**  
Roll of 20 m

Best option for soft ballet shoes and contemporary dance.

Moleskin toe pads

**1020**  
Size: S, M, L, XL  
Color: ● Pink

Supportive and soft toe pads for the best possible fit and comfort. The extra-thin design allows dancers to feel the floor while preventing blisters and corns. This innovative pad is adjustable in length, just cut them down to your dancers foot.

Perforated silicone toe pads

**1010A**  
Color: ○ White

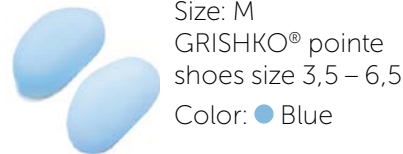

**1010B**  
Color: ● Pink

Mini silicone toe pads

**1007**  
Size: S  
GRISHKO® pointe shoes size 0,5 – 3,5  
Color: ● Pink

Size: M  
GRISHKO® pointe shoes size 3,5 – 6,5  
Color: ● Blue

Size: L  
GRISHKO® pointe shoes size 6,5 – 8  
Color: ● Navy

Silicone toe pads

**1006**  
Color: ○ White

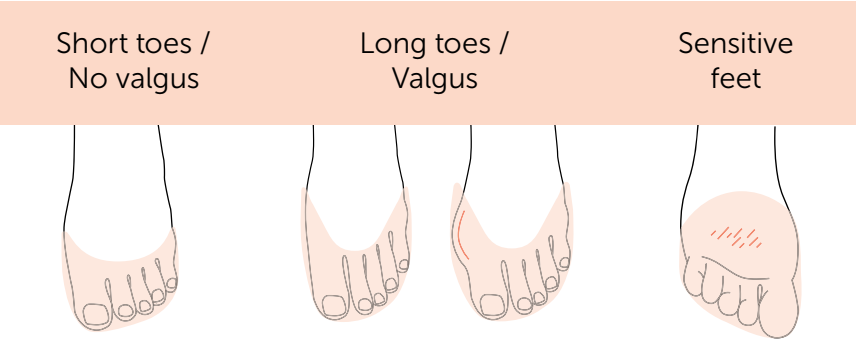

**1009A**  
Color: ○ White

**1009B**  
Color: ● Pink

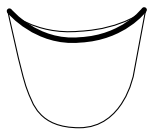

HOW TO CHOOSE

**REMEMBER!**  
No space should be left between the pointe shoe inserts and toes, and inserts should always cover bunions. The comfort in the box depends on correctly fitted pointe shoes and pads.

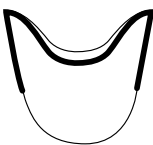

SILICONE TOE PADS

Made of medical silicone to protect foot: thick in the bottom, thin on the toes.

ART. 1009A

ART. 1009B

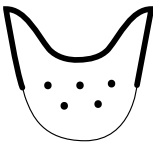

ART. 1006

PERFORATED SILICONE TOE PADS

Microperforation makes these pads breathable.

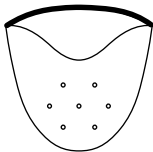

ART. 1010A

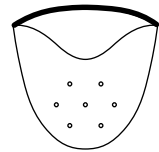

ART. 1010B

MOLESKIN TOE PADS

Extremely thin with a soft-to-touch moleskin upper lining these toe pads will fit your foot like a glove, providing unsurpassed comfort.

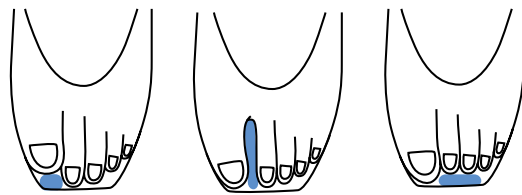

ART. 1020

ART. 1020

MINI SILICONE TOE PADS

Can be used on their own or in addition to any other pads above. Use one or two mini silicone pads to separate toes when needed, and remember they have different sizes that allow ballerinas to combine them different ways. Strongly recommended if there is large space between toes.

# HOW TO FIND YOUR RIGHT SIZE

- How to measure and identify GRISHKO® pointe shoe size:
- 1) Take a piece of A4 paper and put ballerinas' foot on it, draw the contour of the foot with a pencil; the pencil should be held under an angle of 90° (perpendicularly). Draw and measure the left and right foot, as they can differ.
  - 2) Measure the distance from the heel to the endpoint of the toe (in mm);
  - 3) Find the result of the measurements in the table. In case the measurement in between two sizes, we recommend taking a bigger one, as pads and tights also have a certain thickness.

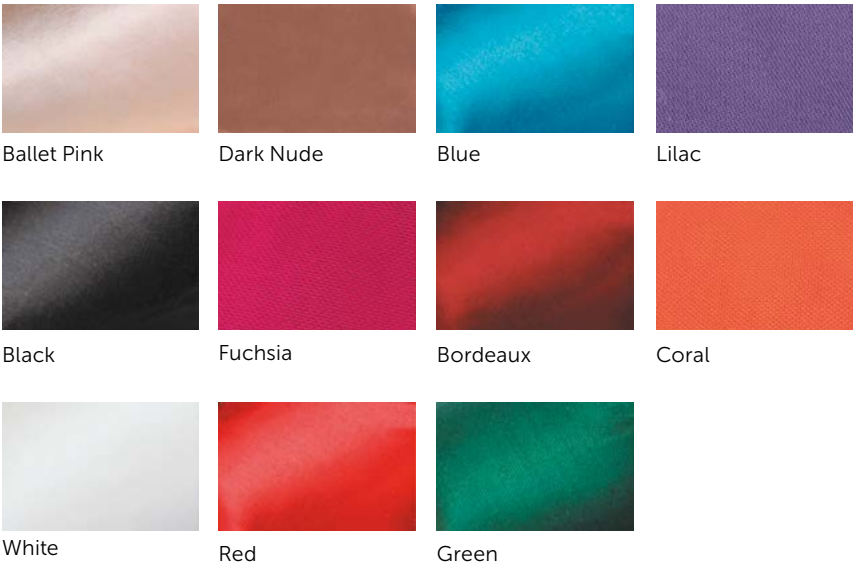

## How to choose the width

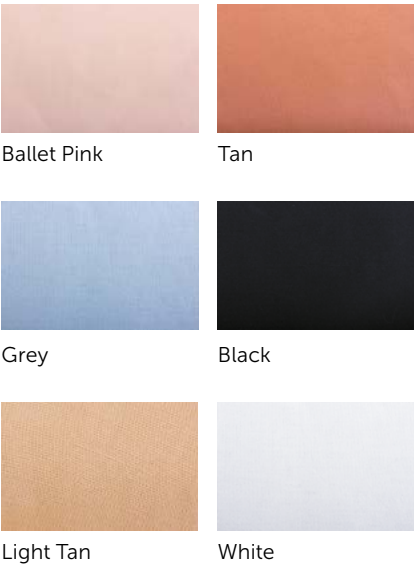

GRISHKO® offers pointe shoes in 7 different widths:  
N – for extremely narrow feet  
X – for narrow feet  
XX and XXX – for medium feet  
XXXX – for wide feet  
XXXXX-XXXXXX – for super wide feet

Measure your foot at its widest place (where the bunions are) to identify the required width the pointe shoes. Relate the result to the table data and identify your width. It is recommended to choose a width that provides a firm and painless fit. If you notice wrinkles on the fabric and gaps between the shoe and the foot, it means you need less width.

FOR FEET WITH MEDIUM AND HIGH ARCH

Recommended lasts: 2007, Fouette, SmartPointe

ATTENTION:  
Size chart is provided as a reference and an approximate guide only and does not guarantee an exact or perfect fit.  
The proper fit of pointe shoes depends on individual foot shape and toe pads used by dancer.  
The recommended way to determine correct pointe shoe size is to be fitted in local shop.
