

# INTRODUCING NEOPOINTE

**IN A REVOLUTIONARY TWIST,  
WE ARE NOW OFFERING OUR  
LATEST CREATION!**

We are proud to announce the NeoPointe, our first pointe shoe model available on both the 2007 last as well as the SmartPointe last. This will allow us to satisfy nearly every dancer in the world. Depending on the shape of the foot, the fitter and dancer will choose either the NeoPointe 07 for narrow tapered feet, or the NeoPointe Smart for fuller feet that are wider in the metatarsals.

There is literally nothing else like this pointe shoe on the market or in the world. The shank is extremely pliable all throughout to allow for perfect articulation.

# GRISHKO® POINTE SHOE SYSTEM

We have developed a comprehensive system of pointe shoes based upon the lasts. Each last is made to fit different foot shapes. Most lasts have multiple models that differ in the details: the depth of the vamp, the height of the sides and heel, the material of the insoles, etc. But the internal space of models created on the same last remains the same. Initially we begin with the physical parameters of the foot, so that our pointe shoes are anatomically correct AND safe for your feet.

## FOUETTE 2007 SMARTPOINTE VICTORY

The last is the main attribute, which creates the inner form of pointe shoes. It is the base for proper support, health, and comfort. GRISHKO® pointe shoes are the most customized in the world. All of our pointe shoes are based on four unique lasts: Fouette, 2007, SmartPointe and Victory. Each last accommodates different configurations of foot and toe shapes.

# HOW TO CHOOSE

The fitter should first choose the last according to the foot shape and toe configuration.

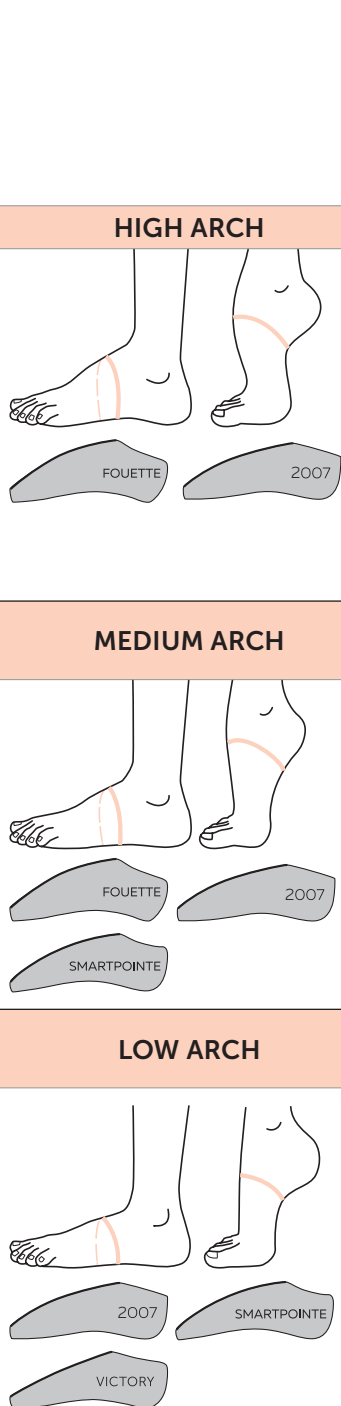

And next, consider box, platform, vamp and other features.

GRISHKO® offers the widest variety of stock models to fit any foot.

Our pointe shoes are based on 4 different lasts (forms): 2007, Fouette, SmartPointe and Victory.

Each last is designed to suit a particular foot and toe shape configuration.

It is important to feature all four lasts for the perfect fitting experience.

## Innovative pointe shoes

\*The above chart is recommended, but non-regulatory. Sometimes the best suitable pair is based on compression and development of the dancer's foot. And can be found within different GRISHKO® models.

# CARE ABOUT THE FUTURE

We take great measures to do our part for the environment, including constantly looking into ways to lessen our carbon footprint and using sustainable materials whenever possible.

A hand with light purple nail polish holds a curved, brown piece of recycled cardboard. The cardboard is held between the thumb and index finger, showing its flexibility. The background is a plain, light color.

# RECYCLED CARD BOARD

At GRISHKO®, we care not only about the sizes, variety and quality of our shoes, but also about the source of all our raw materials.

These tests were performed hundreds of times to prove their features of both pliability as well as strength. Truly incredible!

# LEATHER CARD BOARD

Most of our pointe shoe models' insoles are made with the use of recycled ingredients. We meticulously search for high quality and natural materials, which answers the closed loop and nature saving concept.

**90%**  
OF NATURAL  
INGREDIENTS

This product is a result of sustainability high production standards. The card board is made from only top quality leather remainders with the addition of all natural renewable raw-materials like natural latex. The factory meets the highest quality requirements for a "green" future.

This thicker leather card board is used in all of our FLEX shanks as well as our newer more flexible models like StreamPointe and NeoPointe. This is the main source of the flexibility and durability of those models. It is both pliable and strong.

This thinner leather card board is part of the shank that is combined with our cellulose to create our classic stable yet flexible models. While the leather card board provides flexibility and adaptive features to the shank, the cellulose part gives additional support and durability as well as absorbs moisture.

The leather used for our card board is certified by OEKO-TEX and the factory is certified by EMAS (Eco-Management and Audit Scheme) and ISO 9001.

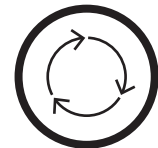

Resistant  
to breaking  
and flaking

Moisture  
absorbing

Recycled  
leather

Super  
pliable

## LEATHER CARD BOARD

Our leather card board is extremely flexible yet durable. With each additional bend, it becomes softer and more flexible but it will never break.

# CELLULOSE CARD BOARD

The cellulose card board of our insoles requires special attention too. It is used with highest quality recycled cellulose.

# 82%

**OF RENEWABLY  
SOURCED FIBERS**

Together with latex polymers, cellulose fibers have anti-fungal and anti-bacterial properties which is very important in the production of pointe shoes. It is breathable and humid absorbing, and keeps it's form even if it gets wet during classes or performance. This kind of material is highly resistant to bending and flaking.

Anti-bacterial

Anti-fungal

Moisture  
absorbing

Natural and  
breathable

# TECHNOLOGY

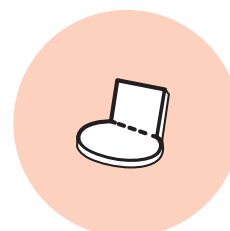

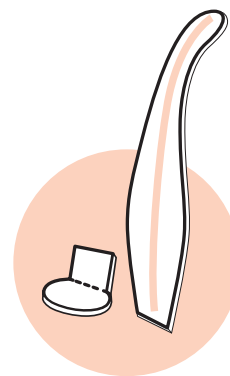

## PRO

### SILENCE

Innovative damping compound of "Silent knot" technology eliminates the sound of pointe shoes on any surface.

- PRO technology in machine-stitched models (Maya I, 3007, Nova, etc.) is a combination of "Silent knot" and silent insole. The insole is made of sound absorbing material, which feels slightly softer compared to classic construction.
- PRO in hand-stitched models (Fouette, Triumph): with "Silent knot" has no changes to the shank flexibility.

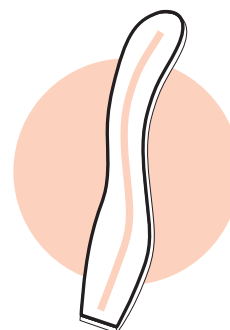

## FLEX

### FLEXIBILITY

- Flexible shank feels like ready-to wear, as it adapts to the arch.
- Easier to bend the shank.
- Additional comfort during roll-through to demi-pointe and en-pointe.
- Suitable for all levels from beginners to professionals. Flex shanks are often used as first pointe shoes after the demi-pointe shoes. Please, ensure you take into consideration the dancer's arch and strength.

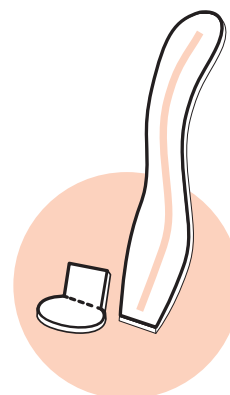

## PRO FLEX

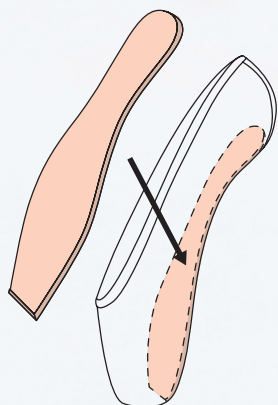

### COMBINATION OF BOTH

For those who prefer only the best, we offer two technologies together: PRO to reduce the pointe shoe sound and FLEX to follow one's arch and offer flexible comfort and control of roll-through demi-pointe.

# CLASSIC SHANK CONSTRUCTION

Unique fully hand crafted production based on all natural materials. The variable shank strengths and breakdown during the lifespan of the shoe keep ones foot well trained and help to prevent injuries.

## CLASSIC, BUT DIFFERENT

### CLASSIC

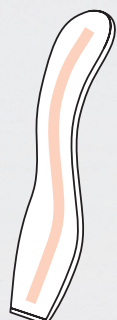

Classic strong shank preferred by professionals. Good for advanced en-pointe elements.

### EASY ROLL-THROUGH

Easier roll-through demi-pointe to an en-pointe position for extra articulation of the metatarsal.

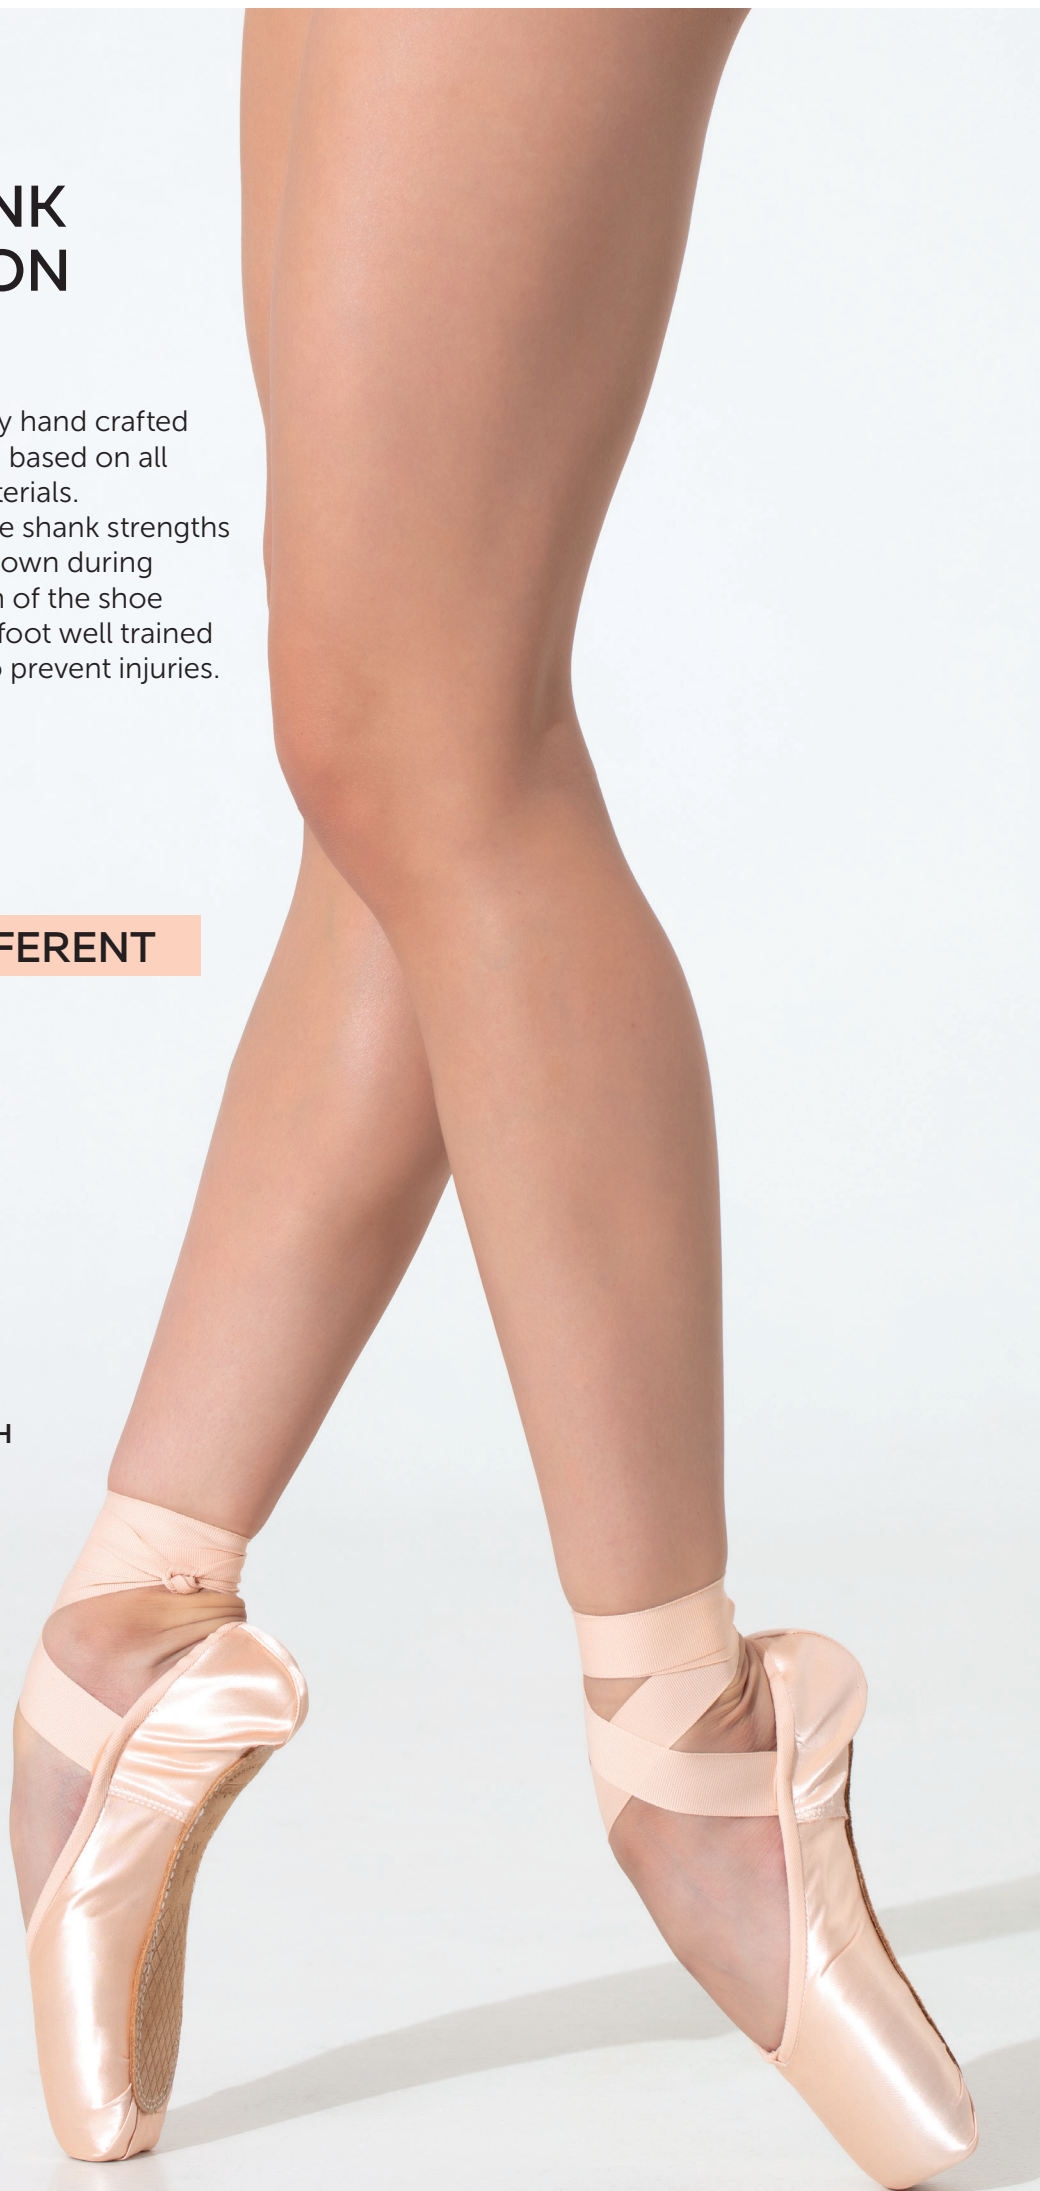

### READY-TO-WEAR

### FLEX

Flexible shank, preferable for demi-pointe elements and contemporary in addition to classic en-pointe elements.

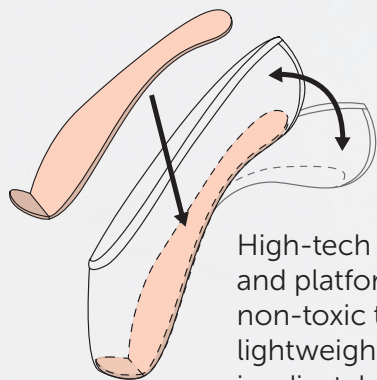

### READY-TO-WEAR

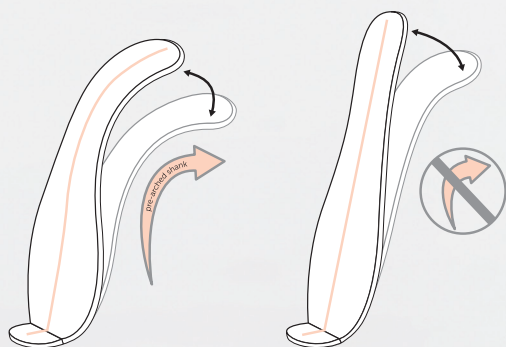

# INNOVATIVE SHANK CONSTRUCTION

Flexible and supportive shanks suitable for any technique level. Long lasting performance.

High-tech cast-in insole and platform, made of non-toxic thermoformable lightweight material, is adjustable to any foot arch and muscle strength.

Unique construction using high-tech materials provides longer life span.

## READY-TO-WEAR

Do not hammer

Soften the box with fingers

Do not break the shank

**ATTENTION!**  
INNOVATIVE POINTE SHOE MODELS ARE READY-TO-WEAR.  
BREAKING IN THE SHANK WILL CAUSE DAMAGE OF THE SHOES.

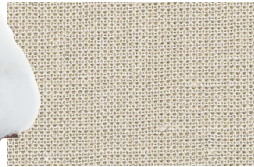

# ECO MATERIALS FOR BOX

Boxes of all GRISHKO® pointe shoes are made of natural materials that are breathable and safe for your skin. Jute, linen and cotton are used in all production. These natural materials are used to keep the dancers' feet healthy.

## COTTON

The cotton we use in our boxes is made of a coarse calico type.

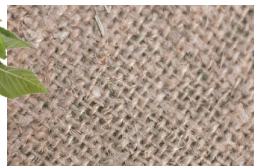

## LINEN

Linen is used in conjunction with Jute for the layers of soft canvas within our boxes.

## JUTE

Our jute material used within our boxes comes from a rough canvas.

## CELLULOSE

And finally, cellulose is utilized in the creation of our boxes as first layer, before all the others.

Our raw materials are certified by OEKO-TEX as high quality and they are all free of any harmful substances.

These types of canvas provide different features; we use different combinations to make the box and wings more adaptive or resilient, pliable or supportive.

## SATIN

Cotton + Viscosa

## COARSE CALICO

Cotton

## ROUGH CANVAS

Jute

## SOFT CANVAS

Jute + Linen

## PAPER

Wood cellulose

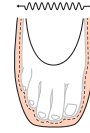

# GLUE FOR THE BOX

## MIRACLE GLUE

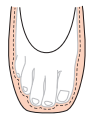

An innovative glue with memory effect. This lightweight glue offers extreme flexibility and can be easily adapted by hand. Once formed, it retains its elasticity and suppleness. Miracle glue got its name in that it offers the ultimate in comfort and ease of movement from the first wear. Works equally well in cold, warm and humid climates.

Main component:  
natural resin.

## CLASSIC GLUE

Classic glue is made of all natural materials. The glue adapts to the foot from the first day of wear, taking shape of every curvature, making it more comfortable yet resilient to daily use.

Main components:  
wheat and corn flour.

## TROPICANA GLUE

Dancers in humid climates and higher temperatures tend to wear out their shoes faster. Tropicana glue, while still made of all natural materials, has additional agents to make it more resistant to moisture and heat, making it very long lasting. We don't recommend ordering Tropicana glue for cold climate, as it can become too hard.

MATERIALS  
FOR OUTSOLE

# OUTSOLE

The outsole of all GRISHKO® pointe shoes is made of high quality natural leather which gives additional flexibility to the foot movements owing to the leather properties.

## HAND-STITCHED TURN-SHOE SOLE

A fully handmade classic method of pointe shoe production that features more flexibility and offers a longer lifespan. This outsole is fixed by a special invisible hand stitched method.

Vegan is not available

## MACHINE STITCHED SOLE

A thin leather outsole is fixed to the satin with the help of a sewing machine to protect the insole. This outsole provides flexibility and extra articulation to any model made with this method. High quality leather along with branded patterns provide traction and extra security for the dancer.

VEGAN

Vegan is available

These two technologies feel different — and we recommend trying several styles before choosing the one most preferred by the dancer.

# PREPARATORY POINTE SHOES

Girls between the ages of 4–10 years wear soft ballet slippers to class. Generally, the transition to Pointe shoes is perceived to be painful for children.

The GRISHKO® Company specialists have developed a unique range of children's preparatory pointe shoes, which help children's feet to adapt gradually, step by step, without pain.

## 3 STEPS TO A DREAM

This line includes 3 models:

1. EXAM
2. ALICE
3. NOVICE

### COLORS

 Ballet Pink     Dark Nude

**BOTH CHILDREN AND  
ADULTS CAN DANCE  
WEARING PREPARATORY  
POINTE SHOES**

# Exam

# 1st STEP

Last type: 2007, Victory (at request)  
 Shape: Slightly tapered  
 Vamp: U-cut, Medium  
 Sole: Machine-stitched

SHANKLESS  
 PRE-POINTE.

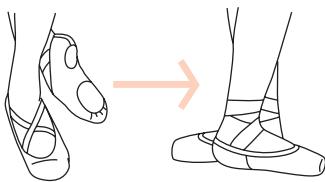

Helps to adapt the feet  
 to the feeling of pointe  
 shoes.

# Exam

0512 Last type: 2007

Allows the young dancer to get used to the shape and confinement of the toe box, with no stiffening materials in the sole. With 1/3 box length, this shoe will train the dancers foot properly by strengthening the forefoot of the dancer.

Sizes: 0,5 – 6,5  
 Width: N – XXXX  
 Shank: **No shank**  
 Box: 1/3  
 With elastic drawstring

# Alice

## 2nd STEP

Last type: 2007, Victory (at request)

Shape: Slightly tapered,  
Soft box  
Platform: Medium  
Vamp: U-cut, Medium  
Sole: Machine-stitched

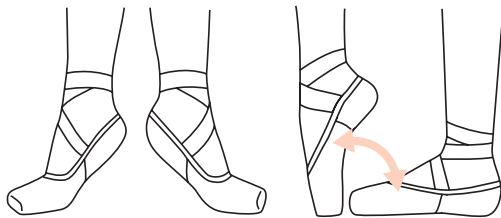

Trains the arch of the foot. Transitional model between Exam and Novice. Ideal for pre-pointe classes at the barre.

# Alice

0526 Last type: 2007

A unique construction of the 1/2 box length will support a dancer at the barre while rising en pointe, slight but efficient support is created by the flexible super soft or soft shank. Flannel like insole.

Sizes: 0,5 – 7,5  
Width: N – XXXX  
Shank: SS, S  
Box: 1/2

# Novice

# 3rd STEP

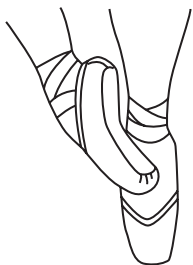

Last type: 2007  
 Shape: Slightly tapered  
 Platform: Medium  
 Vamp: U-cut, Medium  
 Sole: Machine-stitched

Ideal as the first pointe shoe for advancing beginners.  
 Easy roll-through and softer box.

## Novice 0511

Novice is the "First Pointe Shoe" for advancing beginners. Softer than other models, yet supportive. This model features a softer 2/3 box length, and very pliable shanks. Allows easily roll-through demi pointe and perform center exercises.

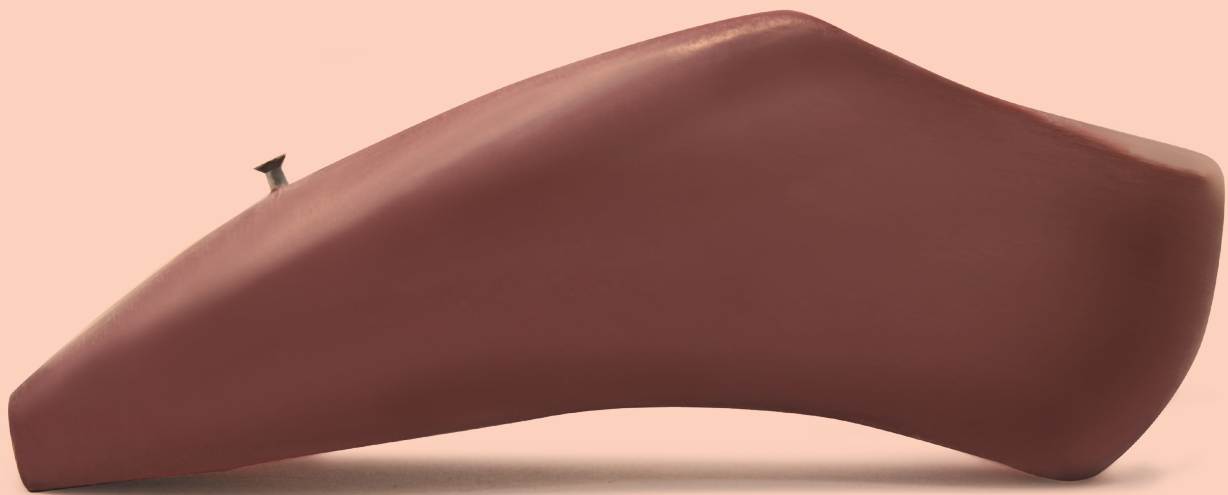

Sizes: 2 – 7,5  
 Width: N – XXXXX  
 Shank: SS, S, M  
 Box: 2/3

# POINTE SHOES BASED ON **FOUETTE** LAST

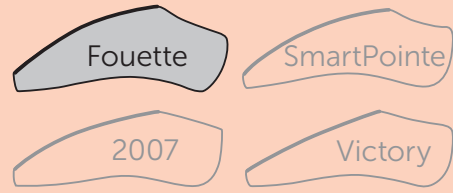

Fouette last is developed with consideration of anatomic features of the high arch and fuller tapered foot. Usually, it's Egyptian or Greek type of foot, but in wider width XXXX – XXXXX can be suitable for Roman type. Fouette is the implementation of a classic pointe shoe form – tapered and elegant.

# Maya I

Platform: Medium  
Vamp: V-cut, Medium-High  
Sole: Machine-stitched  
Wings: Medium

- High crown and heel.
- Elegant V-cut vamp.
- Ideal for Tapered and fuller feet.
- Classic smart paste.

## Maya I 0504

Classic shank construction provides strong support for advanced en-pointe elements. This shank promotes a longer life after initial break-in.

Size: 0,5 – 8,5  
Width: X – XXXXX  
Shank: SS, S, M, H, SH (at request)

# Triumph

Platform: Wide  
 Vamp: U-cut, Medium  
 Sole: Hand-stitched  
 Wings: High

- Turnshoe stitching.
- Ideal for "fuller" feet.
- Classic model for medium length toes.
- Lightweight elastic paste.

## Triumph 0519

Elegant shape that fits high arch with traditional hand-stitched natural leather outsole.

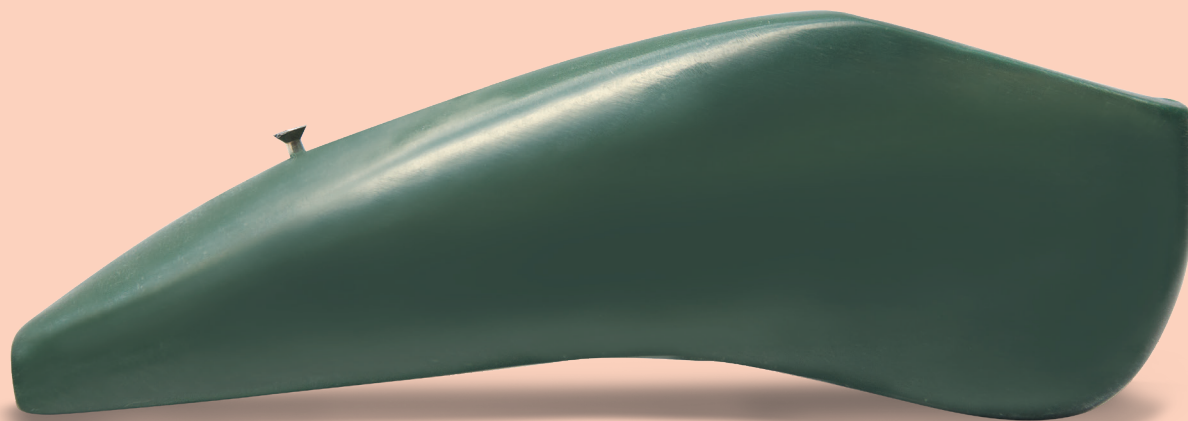

Size: 0,5 – 8,5  
 Width: X – XXXXX  
 Shank: SS, S, M, H, SH (at request)

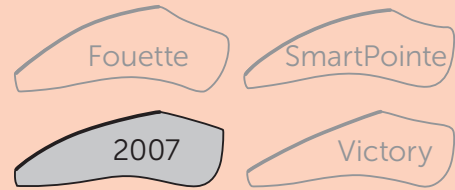

# POINTE SHOES BASED ON **2007** LAST

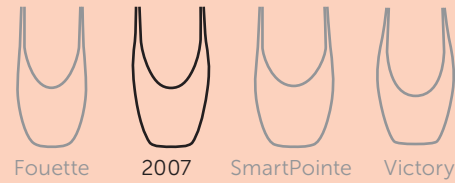

2007 last was developed with consideration of anatomic features of medium width foot, medium arch, and medium to long toes. This unique construction satisfies 90 % of dancers. Therefore, GRISHKO® has the widest variety of pointe shoe models based on the 2007 last. 2007 has a tapered dynamic form.

## DreamPointe 2007

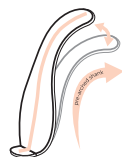

Platform: Medium  
 Vamp: U-cut, Medium  
 Sole: Machine-stitched  
 Wings: High

- 3/4 shank feeling.
- Lightweight flexible paste.
- Long lasting shank.

### DreamPointe 2007 Pre-arched 0527/1

Innovative model that provides flexibility and resilient support. The pre-arched shank gives extra comfort and support to the arch. Forefront padding and pillow like insole guarantee added comfort and coziness.

Overly bending the shank will damage the shoe.

Size: 0,5 – 9  
 Width: X – XXXXX (only size 4–9 in XXXXXX)  
 Shank: SS, S, M, H, SH (at request)

## Nova

Platform: Medium  
 Vamp: U-cut, Low  
 Sole: Machine-stitched  
 Wings: High

- Lowered sides and heel.
- Sleek fit.
- Flexible lightweight paste.

### Nova 0524

Classic pointe shoes, give the ballerina strong support for advanced en-pointe elements. Longer and supportive wings provide flexibility due to elastic paste.

### Nova FLEX 0524/2

Flexibility and quiet platform. This model hugs the dancer's arch to perfection.

Size: 0,5 – 9  
 Width: N – X – XXXXX (only size 4–9 in XXXXXX)  
 Shank: SS, S, M, H, SH (at request)

# 2007

**Platform:** Medium  
**Vamp:** U-cut, Medium  
**Sole:** Machine-stitched  
**Wings:** Medium

- 15+ year worldwide best-seller.
- Unique form fits up to 90% of dancers.
- Wide variety of shanks is suitable for any level.

# 3007

**Platform:** Medium  
**Vamp:** U-cut, Medium  
**Sole:** Machine-stitched  
**Wings:** Medium

- Easy roll-through.
- Perfect for fine movements.
- Anti-slip heel counter.
- Lower heel and sides compared to 2007.

## 2007 0509

Classic shank construction, provides strong support for advanced en-pointe elements.

## 3007 0538

Classic shank construction, provides strong support for advanced en-pointe elements. Easy roll-through model. Antislip microfiber heel.

## 2007 PRO 0509/1

With softer insole and additional silent knot technology, makes pointe shoes quieter.

## 3007 PRO 0538/1

With softer insole and additional silent knot technology, makes pointe shoes quieter. Easy roll-through model.

## 2007 PRO FLEX 0509/2

Flexibility and quiet tip due to combination of flexible sole and silent knot technology.

## 3007 PRO FLEX 0538/2

Flexibility and quiet tip due to combination of flexible sole and silent knot technology. Easy roll-through model.

Size: 0,5 – 9  
 Width: N – X – XXXXXX (only size 4–9 in XXXXXX)  
 Shank: SS, S, M, H, SH (at request)

Size: 0,5 – 9

 Shank: SS, S, M, H, SH (at request)

# Miracle

Platform: Medium  
Vamp: U-cut, Medium  
Sole: Machine-stitched  
Wings: High

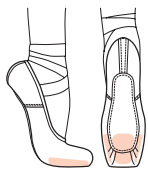

- Ultra lightweight.
- Super sleek.
- Incredibly soft liner with antibacterial treatment.

## Miracle

0525

Unique construction of shank makes this style durable, light and flexible at the same time.

### MOST QUIET

Unique construction of silent knot in the metatarsal area makes this model the most quiet in the line.

### ANTIBACTERIAL BOX & SOLE

Silver nano technology treatment of the inner lining.

### INCREDIBLY SOFT

Padding in the platform and box liner are comfortable and allow the dancer to not wear toe pads if desired.

Size: 0,5 – 9  
Width: N – X – XXXXX (only size 4–9 in XXXXXX)  
Shank: LM, LH

## NeoPointe 07

Platform: Medium  
 Vamp: U cut  
 Sole: Machine-stitched  
 Wings: High

- Soft detail in the box and soft microfiber lining
- Pliable Shank
- 2/3 box
- Streamlined fit
- Adaptable crown
- Elastic drawstring
- Lower heel

### NeoPointe 07 0544

For those dancers with Egyptian and Grecian feet that are more tapered, we offer the NeoPointe 07. Made on the iconic 2007 last, this model will be preferred by anyone wearing one of our other 2007 last models. With a U shaped vamp and a streamlined cut on the sides and heel, dancers will love the overall fit. Combined with our flex technology in the shank, everyone will be able to make progress in their pointe journey. For those who struggle to find their center, or to get fully onto the platform, look no further than NeoPointe 07.

Size: 0,5 – 9  
 Width: N – X – XXXXXX (only size 4–9 in XXXXXX)  
 Shank: H or R only

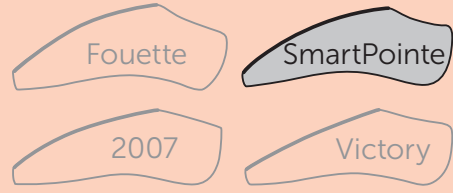

# POINTE SHOES BASED ON **SMARTPOINTE** LAST

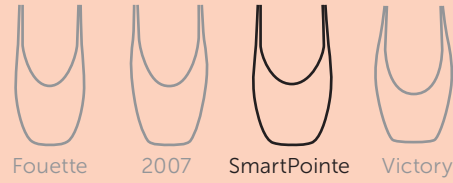

The current changes in foot shapes around the globe have led to the design of our newest last. The SmartPointe last features lower crown, broader metatarsal area and narrow heel. Broad platform with elegant taper and perfect stability. This last was built upon dancers' and fitters' feedback over the last decade to fit the modern day foot.

## NeoPointe Smart

Platform: Wide  
Vamp: Soft V, Medium  
Sole: Machine-stitched  
Wings: High

- Soft detail in the box and soft microfiber lining
- Pliable Shank
- 2/3 box
- Streamlined fit
- Adaptable crown
- Elastic drawstring
- Lower heel

### NeoPointe Smart 0545

NeoPointe epitomizes softness inside and out. This uniquely soft pointe shoe model has the most pliable shank ever, featuring our FLEX technology combined with our Easy Roll-Through technology. The box has been shortened to 2/3 length, allowing the shoe to offer unsurpassed comfort during roll-through from demi-pointe to an en pointe position.

Our incredibly soft microfiber lining and new extra special padding within the box add additional comfort and minimize toe pressure. By using our Miracle glue in the box and wings, the shoe adapts to the dancer's feet, allowing consistent support in the metatarsal area yet staying flexible at the same time for a greater variety of movements. The adaptable crown and streamlined cut make this model a wonderful choice for dancers of all levels.

Size: 0,5 – 9  
Width: X – XXXXXX (only size 3–9 in XXXXXX)  
Shank: H or R only

TRADITION  
AND EVOLUTION  
COMBINE

NEO SOFTNESS  
INSIDEOUT

Soft like a pillow inside and the most  
pliable outside.

NEOPOINTE

## SmartPointe

Platform: Wide  
 Vamp: Soft V-cut, Medium  
 Sole: Hand-stitched  
 Wings: High

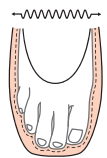

- Perfect for wider metatarsal.
- Medium crown.
- Flexible paste and shank.
- Sleek but wide.

### SmartPointe

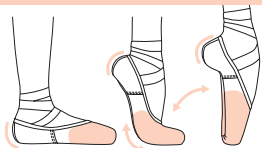

0537

Classic shank construction with easy roll-through.

SmartPointe has unique elastic glue that adapts to the dancers' foot but stays flexible. The box will mold to the dancer's foot shape over time with wear, but can also be adjusted during the initial fitting by hand.

#### EASY ROLL-THROUGH

Size: 0,5 – 9  
 Width: X – XXXXXX (only size 3–9 in XXXXXX)  
 Shank: SS, S, M, H, SH (at request)

## StreamPointe

Platform: Wide  
 Vamp: Soft V-cut, Medium  
 Sole: Machine-stitched  
 Wings: High

- Elasticated binding.
- Broad metatarsal area
- Pliable shank.
- Low sides and heel.
- Streamlined fit.
- Adaptable crown.

### StreamPointe

0541

Classic shank with easy roll-through. Elasticated binding further improves this new model, by providing a streamlined fit for dancers with shallow and square foot shapes. Pliable yet supportive shanks follow any arch height. Extreme flat platform will allow the dancer stability, and secure balance.

### Reinforced shank

R – the hardest shank in StreamPointe. It is similar to Medium strength 3007, which is much less flexible and lasts longer. Reinforced shank is ideal for those, who need a little bit of extra support.

#### EASY ROLL-THROUGH

Size: 1 – 9  
 Width: X – XXXXXX (only size 3–9 in XXXXXX)  
 Shank: S, M, H, R

# StarPointe

Platform: Wide  
 Vamp: Soft V-cut, Medium  
 Sole: Machine-stitched  
 Wings: High

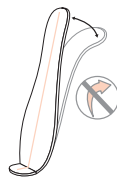

- Innovative construction.
- Supportive, yet flexible shank.
- Elasticated binding.
- Low sides with higher heel.
- Microfiber heel cup.

## INNOVATIVE

## StarPointe 0543

Based on the best selling StreamPointe model, StarPointe offers new possibilities with a different shank construction. The specially designed polymer shank is very supportive while also being flexible enough to form perfectly to any dancer's arch. A slightly raised heel offers fuller coverage and security. StarPointe features an elasticated binding for a streamlined fit.

Size: 0,5 – 9  
 Width: X – XXXXX (only size 3–9 in XXXXXX)  
 Shank: SF, MF, HF, SHF

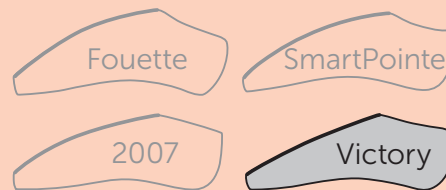

# POINTE SHOES BASED ON **VICTORY** LAST

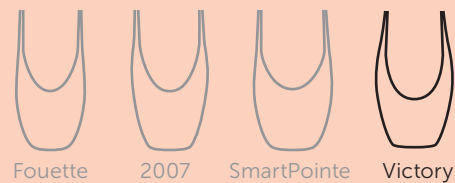

This unique yet extremely versatile last was created as an improvement to the iconic Elite last. This new last features an elegant faux taper that fits all foot shapes – Egyptian, Grecian and Roman. The Victory last has a broad platform for a perfect secure balance. This last was created for feet with a low to medium arch but also works for high arch. The U shaped vamp has a medium throat along with low sides and heel to showcase the dancer's feet.

**POINTE SHOES MODELS ON VICTORY LAST**

Victory + FLEX

**COLORS**

**AT REQUEST**

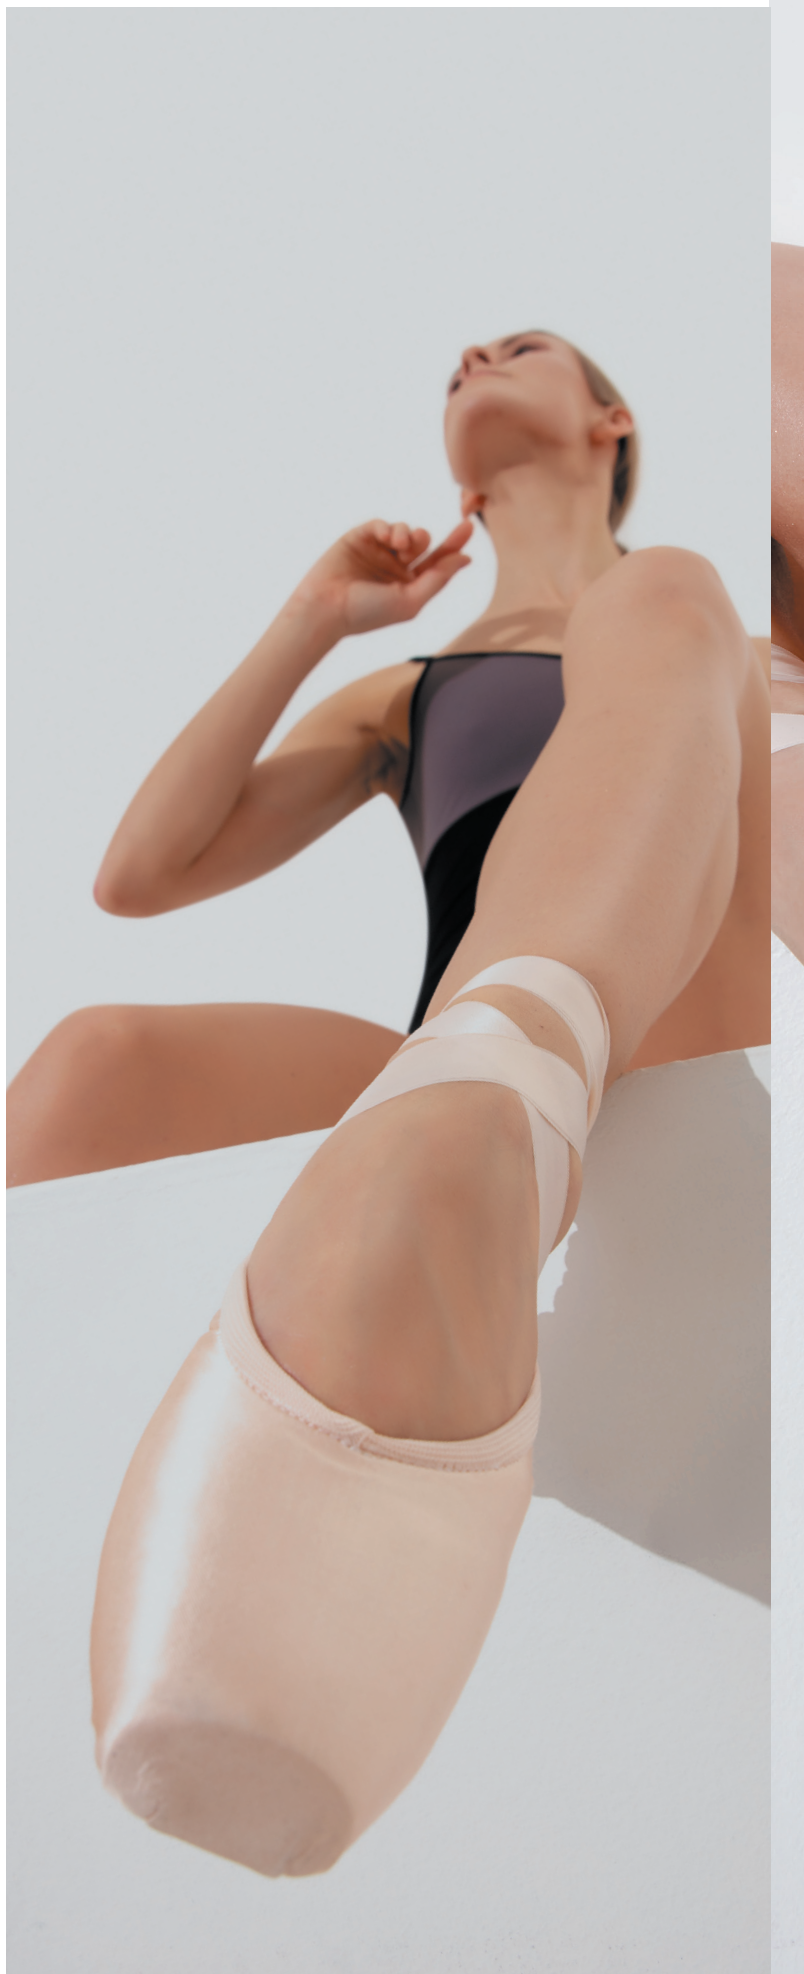

# Victory

Platform: Wide  
 Vamp: U-cut, Medium  
 Sole: Machine-stitched  
 Wings: High

- Broadest platform.
- Generous box.
- Elasticated binding.
- Lux inner-lining.
- Easy roll-through.

## Victory 0542

The wide box and extra internal space created by the faux taper make this model excellent for all foot shapes. Elasticated binding eliminates the need for a drawstring while the microfiber heel counter securely hugs the heel and prevents the shoe from slipping off. With a natural shank with easy roll-through and a brush of our Miracle paste on it's high wings, this model is very supportive while still allowing for easy demi-pointe. This instant best seller is humid climate resistant and long lasting. Victory is a must-have for your store's pointe shoe repertoire. Due to the high wing construction, this model is to be manipulated through the 3/4 area of the shank during the fitting, or broken in naturally by the heat of the foot.

## Victory FLEX 0542

Flex shank for dancers who need pliable shank for easy demi-pointe elements. This model hugs the dancer's arch to perfection.

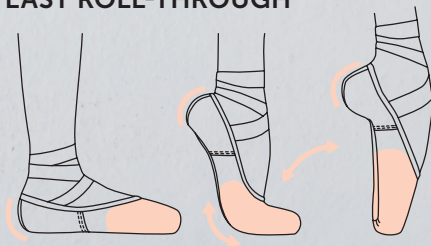

Size: 1 – 11  
 Width: X – XXXXXX (only size 3–9 in XXXXXX)  
 Shank: SS, S, F, M, H, SH (at request)

# VICTORY

## BROADEST PLATFORM

This new last features an elegant faux taper, while still fitting very broad and square foot shape.

### EASY ROLL-THROUGH

### ELASTICATED BINDING

### ANTIBACTERIAL BOX & SOLE

Silver nano technology treatment of the inner lining.

# SOFT BALLET SHOES

Soft ballet shoes seem simple, but that's only an illusion. For the majority of a dancer's career, they will be training in ballet flats, and finding a perfect shoe can be challenging. We've created different styles to work for dancers of every level and feet form.

VEGAN

We use canvas, stretch canvas, leather, or satin to offer dancers the choice they deserve. The outsole is usually suede, but we can replace it with the cruelty-free VEGAN option on request in split sole models.

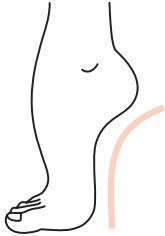

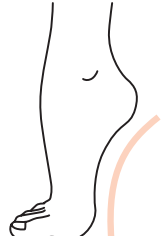

# HOW TO CHOOSE

Soft ballet shoes require the same accurate fitting as pointe shoes do. Ballet flats underline the feet, protect them and support the way it's needed if they follow the shape perfectly and their features meet the dancer's needs.

Soft pleats and binding make it easy to fit soft ballet shoes to different feet forms, yet the toe lengths vary and requires different vamps. The arch and feet strength also matter, therefore we created this chart to assist you in choosing the soft ballet shoes of your DREAM.

		FEET FORM	
		LONG TOES	SHORT TOES
FEET STRENGTH \ ARCH	HIGH	 Model 10 DreamStretch DreamStretch 10	Performance DreamStretch (Low cut) X-Stretch
	MEDIUM	 LittleStar Model 10 DreamStretch DreamStretch 10 X-Stretch	Performance DreamStretch (Low cut) X-Stretch
	LOW	 LittleStar Performance DreamStretch (Low cut) X-Stretch	Performance DreamStretch (Low cut) X-Stretch

# LYRICAL SHOES

GRISHKO® Gymnastics half-soles, or as we also refer to them as “turner shoes”, are used by the Rhythmic Gymnastics Olympic team of the Russian Federation. These shoes have been tested and perfected over the years by some of the top gymnasts in the world as well as now being worn by the top contemporary dancers in the United States.

## MATERIALS AND PROPERTIES

### GENUINE LEATHER

Used to make the sole and the upper of the shoe. Breathable material. Adapts to the foot shape.

### MICROFIBER (artificial leather)

Provides sufficient floor grip. Allows the skin to breathe. Long-lasting material.

### CANVAS (100% cotton)

A breathable and hypo-allergenic type of natural fabric which can be easily dyed.

### CALICO (100% cotton)

An extra thin type of fabric for proper fit.

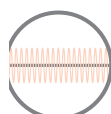

### TERRY FABRIC (100% cotton)

Ensures dry skin and protects the foot.

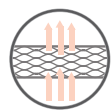

### NON-SLIP SILICON

The shoes straps are covered with special non-slip silicon to ensure that the shoes fit perfectly even when performing complex movements.

### FLAT SEAM

The sole and the upper are sewn together in such a way as to ensure that the seam is flat and even highly sensitive foot is guaranteed exceptional comfort.

### ELASTIC YARN THREAD

(Polyamide)

Special type of elastic yarn used for sewing ensures that the shoe perfectly matches the shape of the foot.

### ELASTICATED BINDING

Due to elasticated binding the shoe securely hugs the foot and offers considerable comfort.

## Dream-Turner

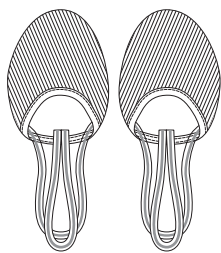

Long lasting four way stretch canvas that is strong and resilient with a shock absorbing padded insole and terry lining. Flat seams, full microfiber outsole and unique pleat-less construction offers comfort, durability and the best look to any foot on stage or rehearsal.

Vamp: High  
Sole: Microfiber  
Size: XS, S, M, L, XL, 2XL  
Widths: Medium

### 03057

Material: Stretch Canvas  
Color: ● Ballet Pink ● Tan ● Black

## Alina

100% cotton lining allows the skin to breathe. The only model which is produced both in leather and in dense 100% cotton canvas. Elastics straps with silicon strips ensure a perfect fit. Genuine leather ensures that the shoe securely hugs the foot and adapts to its shape.

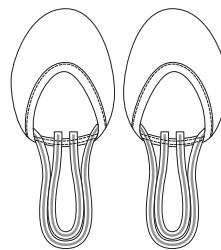

Vamp: Low  
Sole: Leather  
Size: 2XS, XS, S, M, L, XL, 2XL

Sock's size: S (34 – 35),  
M (36 – 37,5),  
L (38 – 39,5)

## Pointe shoe covers

An ideal item for dancers backstage and between classes, they will keep your pointe shoes clean and stage ready.

Pointe shoe protectors ideally fit and guarantee longer lifespan of your pointe shoes. Made of natural cotton to be breathable and hygienic.

### 0560

Composition:

88% cotton, 10% polyamide, 2% elastane

Sole: faux leather: 50% nylon, 50% PU

Size:

S – for pointe shoes size 2,5 – 3

M – for pointe shoes size 3,5 – 4,5

L – for pointe shoes size 5 – 6

XL – for pointe shoes size 6,5 – 8

## Platform caps

**0555**  
Material: Split Leather  
Size: S, M

## Anti-slip platform caps

**0556**  
Material: Split Leather  
Size: one size

## 8-cut anti-slip platform caps

**0557**  
Material: Split Leather  
Size: one size

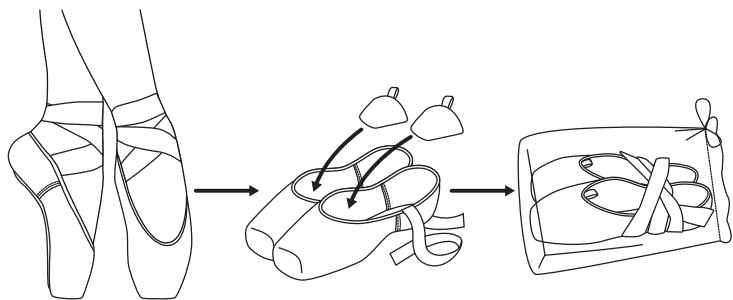

DIY Adjust the form of caps to the required size with the help of scissors.

## Pointe shoe dryers

**0559**  
Color: Pink  
Filler: Silica Gel

This is something every fitter should offer with every pair of pointe shoes. These little helpers work wonders, eliminating the smell and pulling moisture right out of used pointe shoes. Our dryers add at least 30% lifespan to the box of your dancers pointe shoes. They must be replaced every three months for best results.

MORE SUPPORT ←

## CLASSICAL RIBBONS

Classical satin and cotton ribbons for dancers of all levels. Tightly secure the pointe shoe on the foot, provide maximum support.

### Satin ribbon

**0510/9**

Width: 24 mm

Pack of 2 m

Color: ● Ballet Pink ● Dark Nude

Satin ribbon of white, black, ballet pink colors to match pointe shoes. Classic look with a light sheer.

**0510/9R**

Roll of 50 m

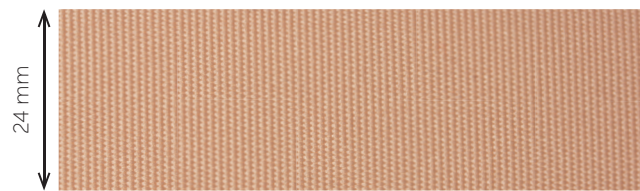

### Cotton ribbon

**0510/1**

Width: 24 mm

Pack of 2 m

Color: ● Ballet Pink

Cotton-like ribbon as matte surface prevents the ribbon from sliding off and grants a classic look.

**0510/1R**

Roll of 50 m

### Satin ribbon with silicone

**0002/6**

Width: 25 mm

Pack of 2 m

Color: ● Ballet Pink

Satin ribbon with silicone is perfect for dancing without tights as silicone securely fixes the ribbon on naked skin.

**0002/6R**

Roll of 50 m

## ELASTICS

Elastics are usually used in addition to ribbons to provide flexible fixing of pointe shoes on the feet. Some professional dancers use only elastics to fix their pointe shoes and create a contemporary look.

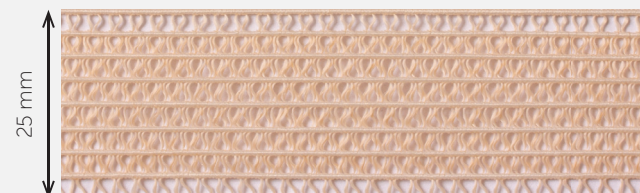

### Mesh elastic

**0002/3**

Width: 25 mm

Pack of 1 m

Color: ● Ballet Pink

Mesh elastic for those who prefer flexible fixing of the arch and ankle. Match the color of pointe shoes and theatrical pink ballet tights.

**0002/3R**

Roll of 25 m

## HYBRID RIBBONS

A perfect balance that gives you enough support but allows a greater range of movement.

### Satin ribbon with pre-sewn elastic

**0510/4**

Width: 24 mm  
Pack of 2.2 m (4 x 60 cm)  
Color: ● Ballet Pink

### Satin ribbon with pre-sewn mesh elastic

**0510/3**

Width: 24 mm  
Pack of 2.2 m (4 x 60 cm)  
Color: ● Ballet Pink

Features elastic inserts that are placed on the Achilles tendon. The inserts reduce pressure on this sensitive area and help prevent tendonitis. A bestseller that combines the flexibility of mesh / elastic mesh and the classic look of satin ribbons.

## ELASTICIZED RIBBON

Maximum flexibility that allows natural flexion of your heel and ankle.

### Elasticized ribbon

**0002/7**

Width: 25 mm  
Pack of 2 m  
Color: ● Ballet Pink

**0002/7R**

Roll of 50 m

The elasticized ribbon feels very comfortable while dancing.

### Transparent mesh elastic

**0002/2**

Width: 28 mm  
Pack of 1 m  
Color: ○ White

**0002/2R**

Roll of 25 m

Grants a flexible fixing, being almost invisible even on the naked skin. Choose between transparent and nude to match the color of pointe shoes and tights.

### Elastic

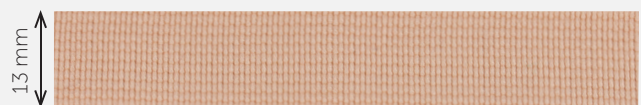

**0002/1**

Width: 13 mm  
Pack of 1 m

**0002/1R**

Roll of 20 m

Color: ● Ballet Pink ○ White ● Black ● Tan

Best option for soft ballet shoes and contemporary dance.

## Moleskin toe pads

**1020**

Size: S, M, L, XL

Color: ● Pink

Supportive and soft toe pads for the best possible fit and comfort. The extra-thin design allows dancers to feel the floor while preventing blisters and corns. This innovative pad is adjustable in length, just cut them down to your dancers foot.

## Silicone toe pads

**1006**

Color:

**1010B**

Color:  
● Pink

## Mini silicone toe pads

**1007**

Size: S  
GRISHKO® pointe shoes size 0,5 – 3,5  
Color: ● Pink

Size: M  
GRISHKO® pointe shoes size 3,5 – 6,5  
Color: ● Blue

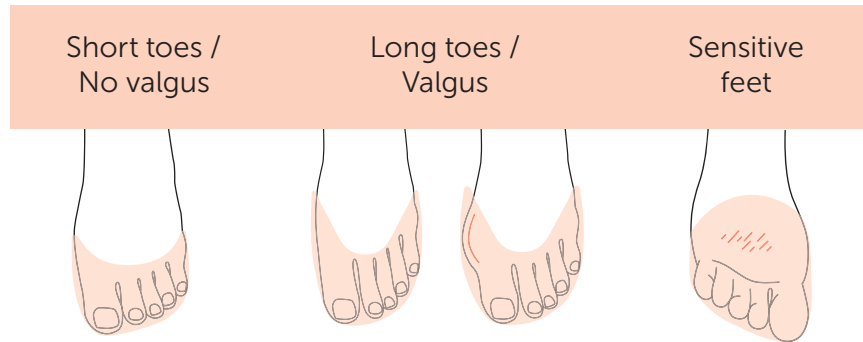

Size: L  
GRISHKO® pointe shoes size 6,5 – 8  
Color: ● Navy

# HOW TO CHOOSE

## REMEMBER!

No space should be left between the pointe shoe inserts and toes, and inserts should always cover bunions. The comfort in the box depends on correctly fitted pointe shoes and pads.

## SILICONE TOE PADS

Made of medical silicone to protect foot: thick in the bottom, thin on the toes.

ART. 1009A

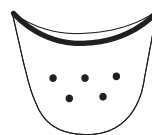

ART. 1009B

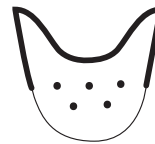

ART. 1006

## PERFORATED SILICONE TOE PADS

Microperforation makes these pads breathable.

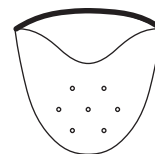

ART. 1010A

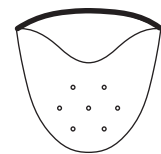

ART. 1010B

## MOLESKIN TOE PADS

Extremely thin with a soft-to-touch moleskin upper lining these toe pads will fit your foot like a glove, providing unsurpassed comfort.

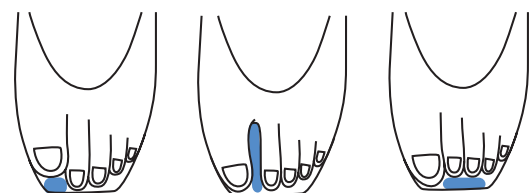

ART. 1020

ART. 1020

## MINI SILICONE TOE PADS

Can be used on their own or in addition to any other pads above. Use one or two mini silicone pads to separate toes when needed, and remember they have different sizes that allow ballerinas to combine them different ways. Strongly recommended if there is large space between toes.

ART. 1007

# HOW TO FIND YOUR RIGHT SIZE

How to measure and identify GRISHKO® pointe shoe size:

- 1) Take a piece of A4 paper and put ballerinas' foot on it, draw the contour of the foot with a pencil; the pencil should be held under an angle of 90° (perpendicularly). Draw and measure the left and right foot, as they can differ.
- 2) Measure the distance from the heel to the endpoint of the toe (in mm);
- 3) Find the result of the measurements in the table. In case the measurement is between two sizes, we recommend taking a bigger one, as pads and tights also have a certain thickness.

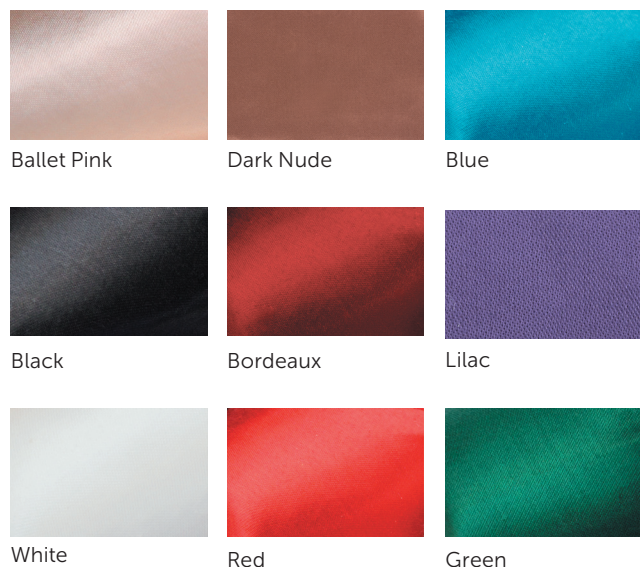

## How to choose the width

GRISHKO® offers pointe shoes in 7 different widths:

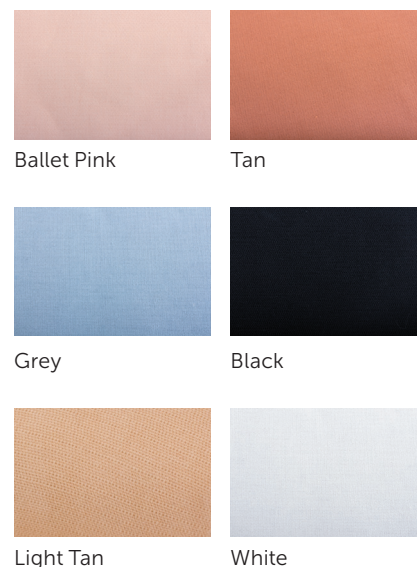

- N – for extremely narrow feet
- X – for narrow feet
- XX and XXX – for medium feet
- XXXX – for wide feet
- XXXXX-XXXXXX – for super wide feet

Measure your foot at its widest place (where the bunions are) to identify the required width the pointe shoes. Relate the result to the table data and identify your width. It is recommended to choose a width that provides a firm and painless fit. If you notice wrinkles on the fabric and gaps between the shoe and the foot, it means you need less width.

# FOR FEET WITH LOW AND MEDIUM ARCH

Recommended lasts: Victory, SmartPointe, 2007

**ATTENTION:**

Size chart is provided as a reference and an approximate guide only and does not guarantee an exact or perfect fit.

The proper fit of pointe shoes depends on individual foot shape and toe pads used by dancer.

The recommended way to determine correct pointe shoe size is to be fitted in local shop.
