ACCESSORIES

# POINTE SHOES

GRISHKO® offers the widest variety of pointe shoes on the market. The number of stock model variations (model, shank, size, width, strength) exceeds 20000, and this number doesn't include the additional technologies, colors, and individual orders with different adjustments!

Often dancers use one particular model of pointe shoes in different shanks depending on the performances they will partake in.

And sometimes, they require slight adjustments to their stock model. To make this easier for our customers, we have added a number of technologies and options to fully customize fit, look and even the function of the pointe shoe.

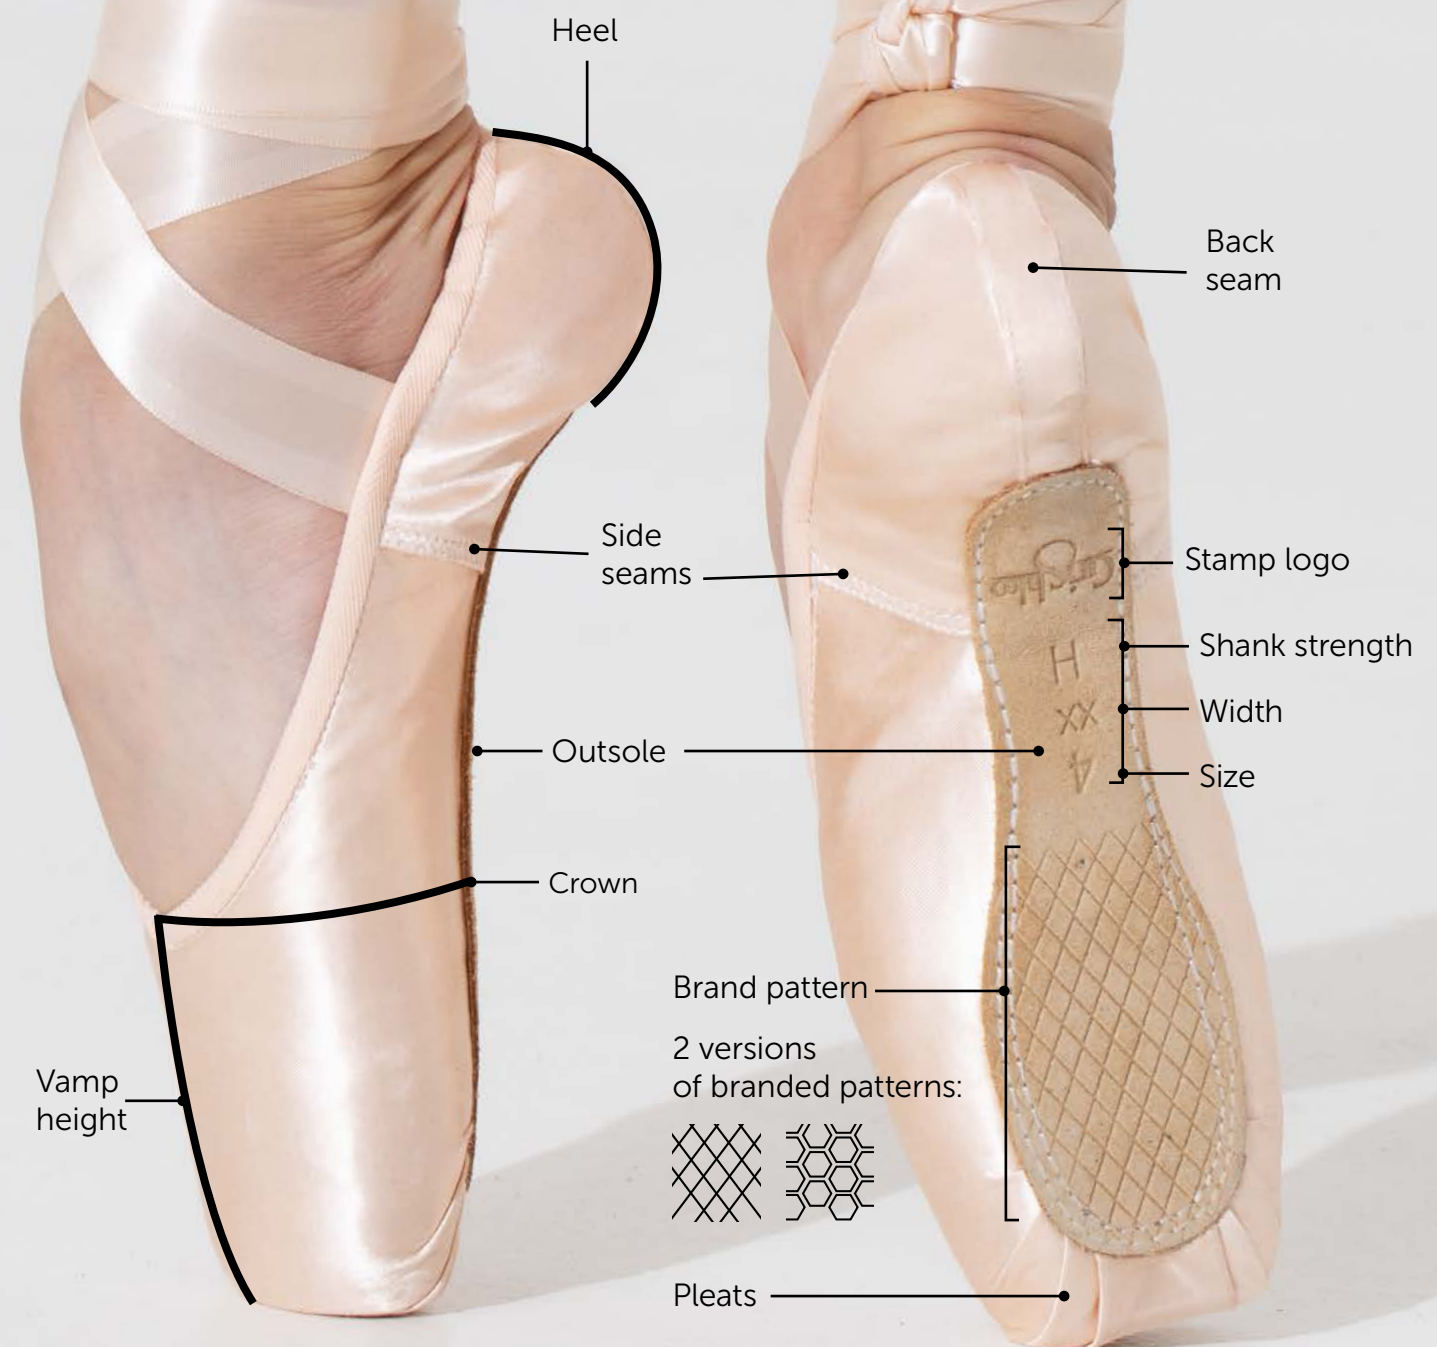

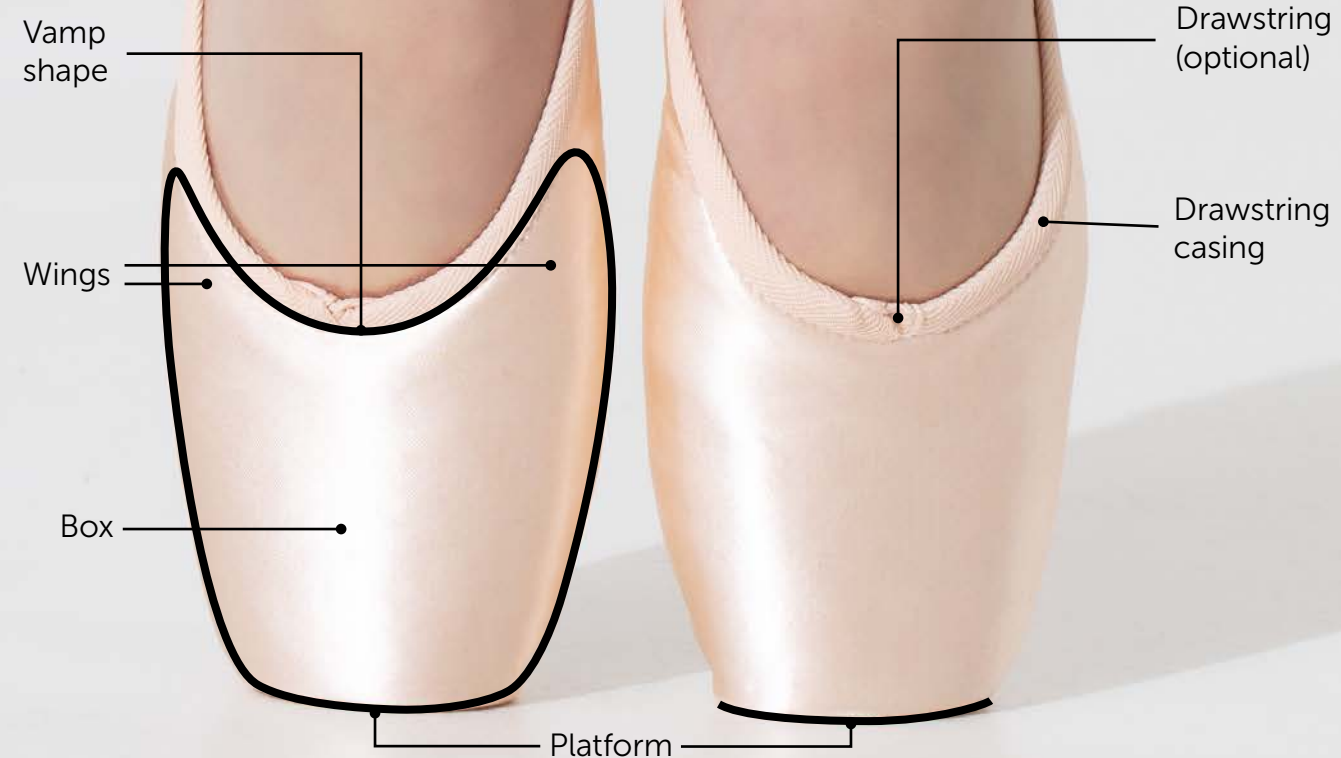

All of our pointe shoes pass through three steps of quality control. Under the binding, you can see handwritten characters which designate the shoe technologist, the model number and the date that the shoes were made. This information confirms that your GRISHKO® shoes were made by our professional shoe makers who are trained artisans in this craft.

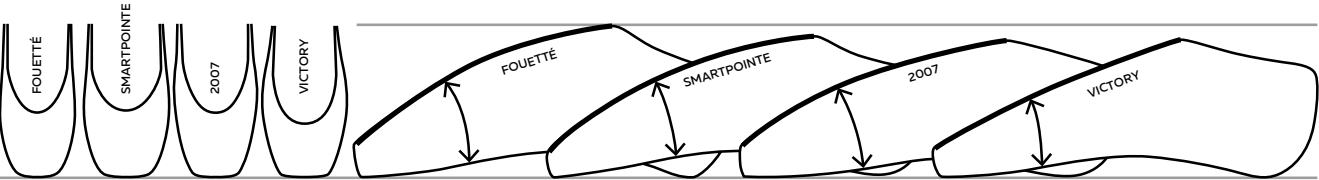

# POINTE SHOE ANATOMY

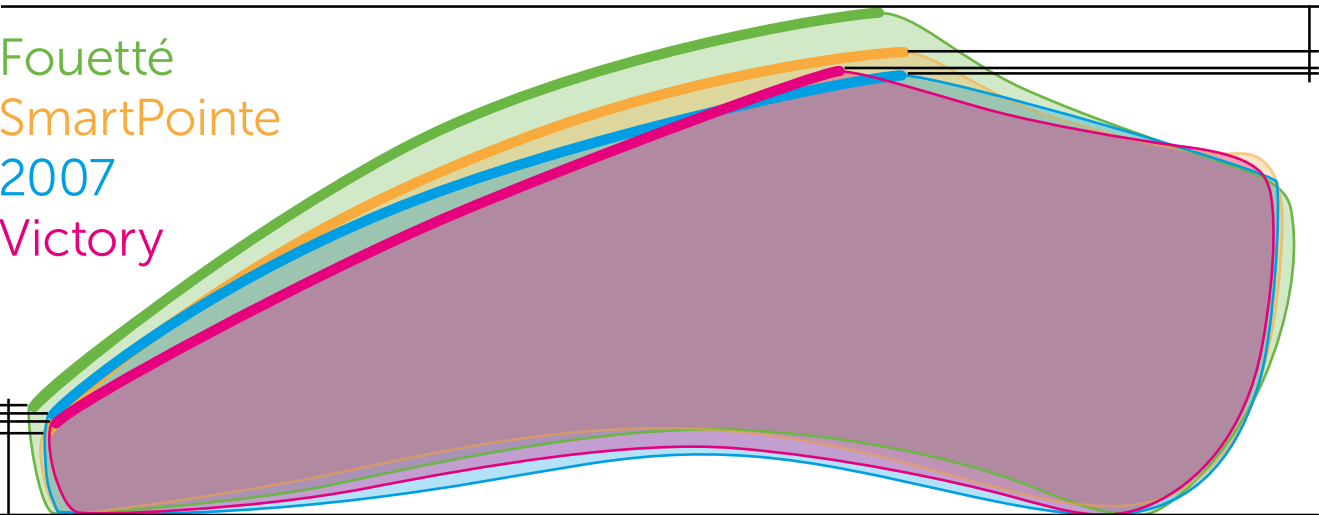

# GRISHKO® POINTE SHOE SYSTEM

We have developed a comprehensive system of pointe shoes based upon the lasts. Each last is made to fit different foot shapes. Most lasts have multiple models that differ in the details: the depth of the vamp, the height of the sides and heel, the material of the insoles, etc. But the internal space of models created on the same last remains the same. Initially we begin with the physical parameters of the foot, so that our pointe shoes are anatomically correct and safe for your feet.

## FOUETTÉ SMARTPOINTE 2007 VICTORY

The last is the main attribute, which creates the inner form of pointe shoes. It is the base for proper support, health, and comfort. GRISHKO® pointe shoes are the most customized in the world. All of our pointe shoes are based on four unique lasts: Fouetté, 2007, SmartPointe and Victory. Each last accommodates different configurations of foot and toe shapes.

## HOW TO CHOOSE

The fitter should first choose the last according to the foot shape and toe configuration. And next, consider box, platform, vamp and other features.

GRISHKO® offers the widest variety of stock models to fit any foot. Our pointe shoes are based on 4 different lasts (forms): Fouetté, SmartPointe, 2007 and Victory. Each last is designed to suit a particular foot and toe shape configuration. It is important to feature all four lasts for the perfect fitting experience.

Innovative pointe shoes

\*The above chart is recommended, but non-regulatory. Sometimes the best suitable pair is based on compression and development of the dancer's foot. And can be found within different GRISHKO® models.

Resistant  
to breaking  
and flaking

Recycled  
leather

Moisture  
absorbing

Super  
pliable

Most of our pointe shoe models' insoles are made with the use of recycled ingredients. We meticulously search for high quality and natural materials, which answers the closed loop and nature saving concept.

## TECHNOLOGY

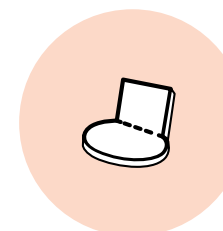

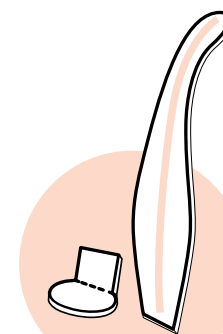

### PRO

### SILENCE

Innovative dampening compound of "Silent knot" technology eliminates the sound of pointe shoes on any surface.

- PRO technology in machine-stitched models (Maya I, 3007, Nova, etc.) is a combination of "Silent knot" and silent insole. The insole is made of sound absorbing material, which feels slightly softer compared to classic construction.
- PRO in hand-stitched models (Fouetté, Triumph): with "Silent knot" has no changes to the shank flexibility.

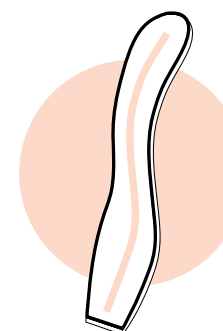

### FLEX

### FLEXIBILITY

- Flexible shank feels like ready-to wear, as it adapts to the arch.
- Easier to bend the shank.
- Additional comfort during roll-through to demi-pointe and en-pointe.
- Suitable for all levels from beginners to professionals. Flex shanks are often used as first pointe shoes after the demi-pointe shoes. Please, ensure you take into consideration the dancer's arch and strength.

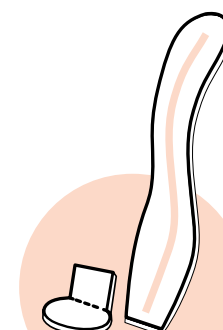

### PRO FLEX

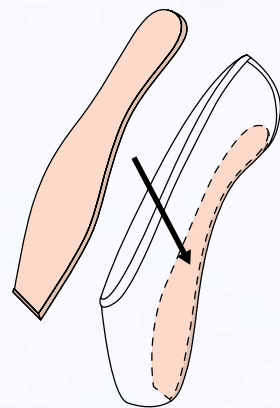

### COMBINATION OF BOTH

For those who prefer only the best, we offer two technologies together: PRO to reduce the pointe shoe sound and FLEX to follow one's arch and offer flexible comfort and control of roll-through demi-pointe.

## CLASSIC SHANK CONSTRUCTION

Unique fully hand crafted production based on all natural materials. The variable shank strengths and breakdown during the lifespan of the shoe keep ones foot well trained and help to prevent injuries.

### CLASSIC, BUT DIFFERENT

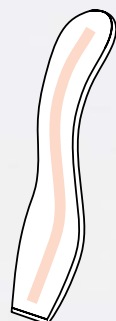

**CLASSIC**  
Classic strong shank preferred by professionals. Good for advanced en-pointe elements.

**EASY ROLL-THROUGH**  
Easier roll-through demi-pointe to an en-pointe position for extra articulation of the metatarsal.

**READY-TO-WEAR**

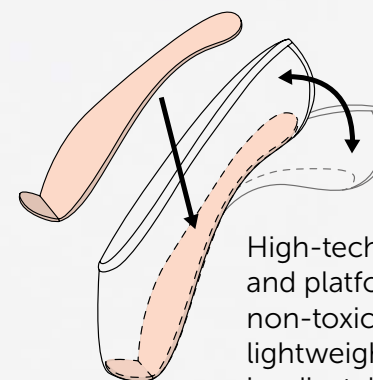

**FLEX**  
Flexible shank, preferable for demi-pointe elements and contemporary in addition to classic en-pointe elements.

**READY-TO-WEAR**

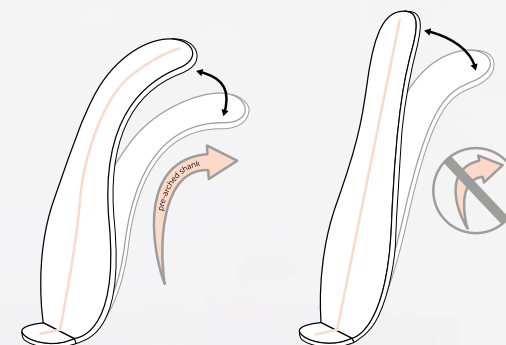

## INNOVATIVE SHANK CONSTRUCTION

Flexible and supportive shanks suitable for any technique level. Long lasting performance.

High-tech cast-in insole and platform, made of non-toxic thermoformable lightweight material, is adjustable to any foot arch and muscle strength.

Unique construction using high-tech materials provides longer life span.

### READY-TO-WEAR

Do not hammer

Soften the box with fingers

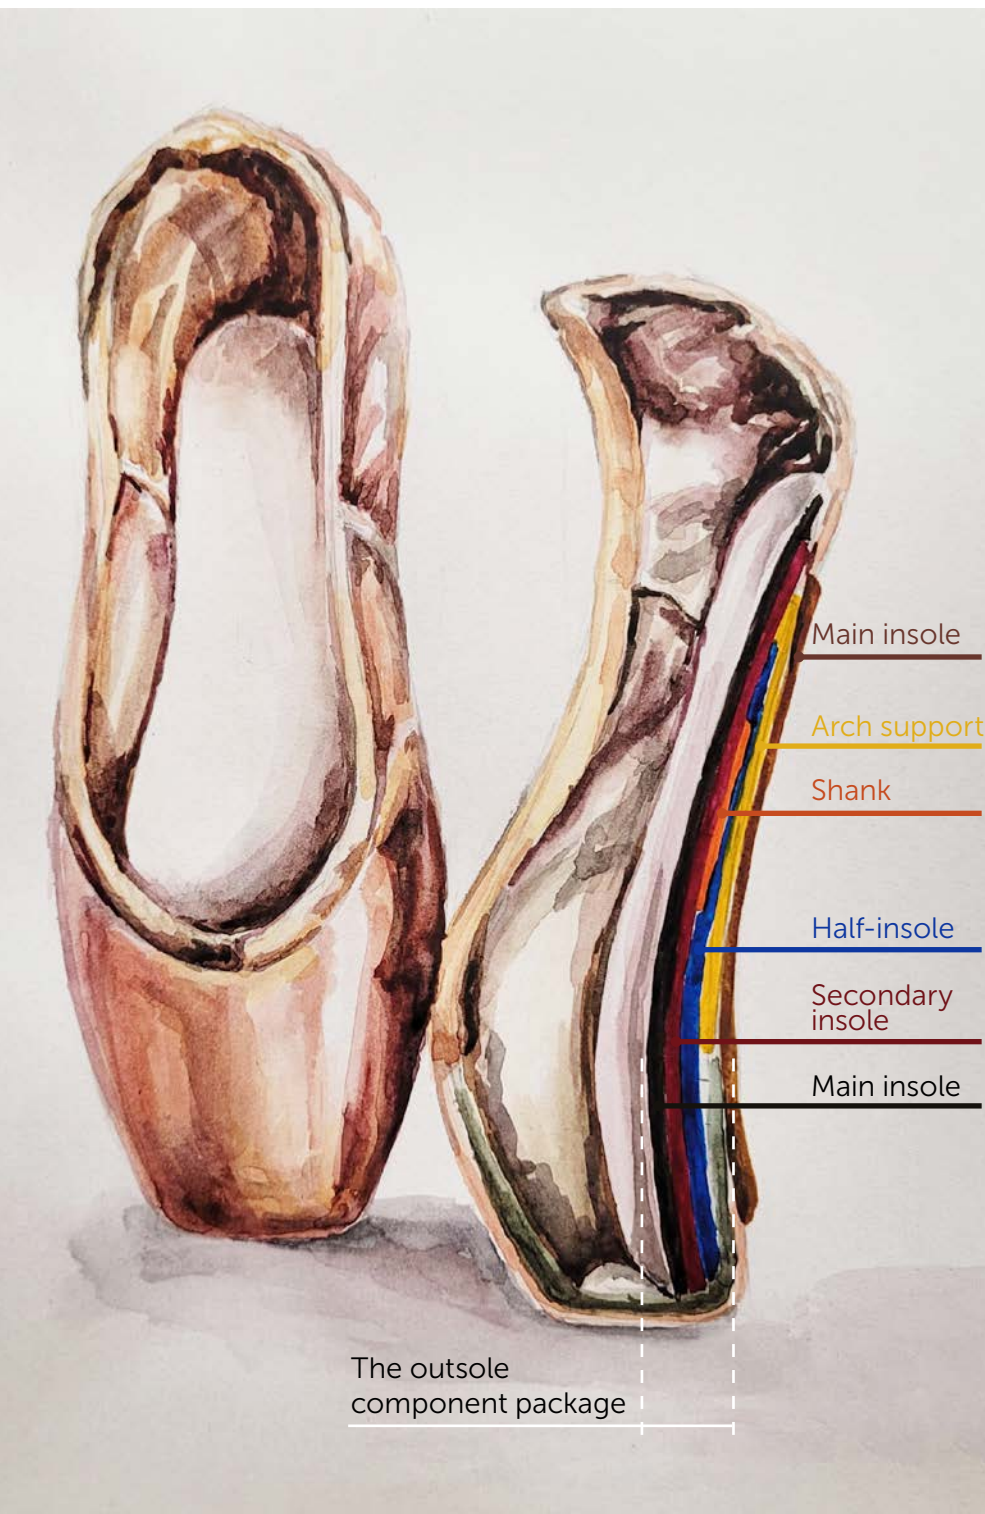

Do not break the shank

**ATTENTION!**  
**INNOVATIVE POINTE SHOE MODELS ARE READY-TO-WEAR.**  
**BREAKING IN THE SHANK WILL CAUSE DAMAGE OF THE SHOES.**

# THE SOLES

The insole/outsole component package is a set of parts located on the plantar (walking) side of the foot. This term is used to define the quantity and combined thickness of the parts.

## THE OUTSOLE COMPONENT PACKAGE INCLUDES:

### OUTSOLE

the external part of the shoe's bottom.

### INSOLE ASSEMBLY

the intermediate part of the shoe's bottom, consisting of (based on the TAMARA model):

- Main insole (VIRA)
- Secondary insole (VIRA)
- Shank (made of PK textolite)
- Half-insole (electro-cardboard)
- Arch support (electro-cardboard)

### INSERTED INSOLE

the internal part of the shoe's bottom.

### INSOLE LINING

(insole assembly lining): the internal part of the shoe's bottom.

### STIFFENER LINING

(additional inserted insole used to cover any defects in the insole lining if necessary): the internal part of the shoe's bottom.

# THE "PLATFORM"

ADDITIONALLY, OUR POINTE SHOES HAVE THREE TYPES OF PLATFORMS

The production of pointe shoes is specialized and unique, which introduces an additional term – the "platform."

The platform is the front part of the pointe shoe (viewed from the front), which bears the main support point for the ballerina. The structural stiffness of the platform is achieved through the use of special materials and adhesives.

This part of the pointe shoe is one of the most important. It has many requirements. The platform must be exceptionally smooth, with a clear and beautiful edge on the outside, ensuring a confident balance for the ballerina when on her toes. It should also have soft properties inside for the ballerina's comfort, and maintain its appearance and qualities for as long as possible.

### FOR THIS, WE OFFER:

Protection of the front part of the pointe shoe (the platform) from wear and slipping in the form of leather pads from the accessories section, such as 0555N.

We use a special material, 'Granit,' for the inner part of the platform, creating a clear, beautiful edge. Alternatively, we use synthetic leather, which provides additional sound absorption (for all quiet models).

We equip each pair with a soft insole (made of porous rubber) that comes into direct contact with the ballerina's foot and adds a slight cushioning effect when on pointe.

**EXTERNAL PLATFORM**  
made of split leather, internally referred to as "kozhnakladka," which protects the front part of the pointe shoes from wear and slipping.

**INTERMEDIATE PLATFORM**  
made of Granit material for a precise edge and artificial leather in "Quiet" models to absorb sound.

**INTERNAL PLATFORM CUSHION**  
soft insert made of porous rubber for light cushioning.

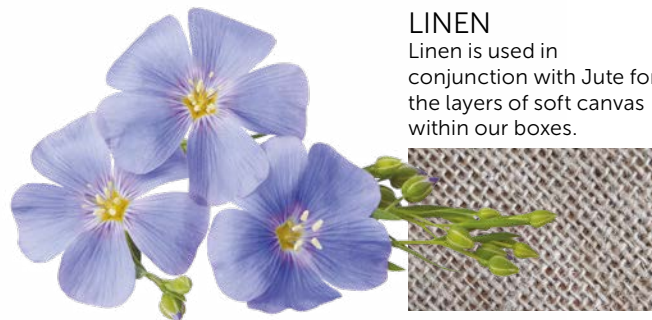

# ECO MATERIALS FOR BOX

Boxes of all GRISHKO® pointe shoes are made of natural materials that are breathable and safe for your skin. Jute, linen and cotton are used in all production. These natural materials are used to keep the dancers' feet healthy.

**COTTON**  
The cotton we use in our boxes is made of a coarse calico type.

**LINEN**  
Linen is used in conjunction with Jute for the layers of soft canvas within our boxes.

**JUTE**  
Our jute material used within our boxes comes from a rough canvas.

**CELLULOSE**  
And finally, cellulose is utilized in the creation of our boxes as first layer, before all the others.

Our raw materials are certified by OEKO-TEX as high quality and they are all free of any harmful substances.

These types of canvas provide different features; we use different combinations to make the box and wings more adaptive or resilient, pliable or supportive.

## SATIN

## PAPER

Wood cellulose

## MIRACLE GLUE

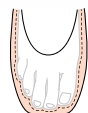

An innovative glue with memory effect. This lightweight glue offers extreme flexibility and can be easily adapted by hand. Once formed, it retains its elasticity and suppleness. Miracle glue got its name in that it offers the ultimate in comfort and ease of movement from the first wear. Works equally well in cold, warm and humid climates.

Main component:  
natural resin.

## CLASSIC GLUE

Classic glue is made of all natural materials. The glue adapts to the foot from the first day of wear, taking shape of every curvature, making it more comfortable yet resilient to daily use.

Main components:  
wheat and corn flour.

## TROPICANA GLUE

Dancers in humid climates and higher temperatures tend to wear out their shoes faster. Tropicana glue, while still made of all natural materials, has additional agents to make it more resistant to moisture and heat, making it very long lasting. We don't recommend ordering Tropicana glue for cold climate, as it can become too hard.

## OUTSOLE

The outsole of all GRISHKO® pointe shoes is made of high quality natural leather which gives additional flexibility to the foot movements owing to the leather properties.

### HAND-STITCHED TURN-SHOE SOLE

A fully handmade classic method of pointe shoe production that features more flexibility and offers a longer lifespan. This outsole is fixed by a special invisible hand stitched method.

Vegan is not available

### MACHINE STITCHED SOLE

A thin leather outsole is fixed to the satin with the help of a sewing machine to protect the insole. This outsole provides flexibility and extra articulation to any model made with this method. High quality leather along with branded patterns provide traction and extra security for the dancer.

VEGAN

Vegan is available

These two technologies feel different — and we recommend trying several styles before choosing the one most preferred by the dancer.

# PREPARATORY POINTE SHOES

Girls between the ages of 4–10 years wear soft ballet slippers to class. Generally, the transition to Pointe shoes is perceived to be painful for children.

The GRISHKO® Company specialists have developed a unique range of children's preparatory pointe shoes, which help children's feet to adapt gradually, step by step, without pain.

## 3 STEPS TO A DREAM

 Sole: Machine-stitched

## 1st STEP

SHANKLESS  
 PRE-POINTE

Helps to adapt the feet  
 to the feeling of pointe  
 shoes

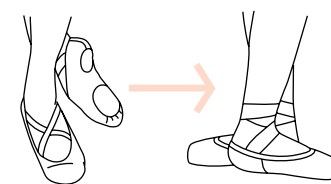

## Exam

**0512** Last type: 2007

**0512E** Last type: Elite (at request)

Allows the young dancer to get used to the shape and confinement of the toe box, with no stiffening materials in the sole. With 1/3 box length, this shoe will train the dancers foot properly by strengthening the forefoot of the dancer.

Sizes: 0,5 — 6,5  
 Width: N — XXXX  
 Shank: **No shank**  
 Box: 1/3  
 With elastic drawstring

## Alice

## 2nd STEP

Last type: 2007  
 Shape: Slightly tapered,  
 Soft box  
 Platform: Medium  
 Vamp: U-cut, Medium  
 Sole: Machine-stitched

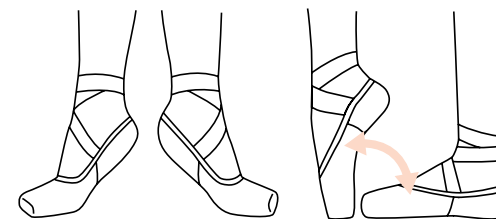

Trains the arch of the foot. Transitional model between Exam and Novice. Ideal for pre-pointe classes at the barre.

### Alice

**0526** Last type: 2007

A unique construction of the 1/2 box length will support a dancer at the barre while rising en pointe, slight but efficient support is created by the flexible super soft or soft shank. Flannel like insole.

Sizes: 0,5 — 7,5  
 Width: N — XXXX  
 Shank: SS, S  
 Box: 1/2

## Novice

Last type: 2007  
 Shape: Slightly tapered  
 Platform: Medium  
 Vamp: U-cut, Medium  
 Sole: Machine-stitched

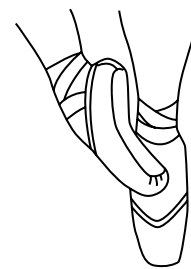

## 3rd STEP

Ideal as the first pointe shoe for advancing beginners. Easy roll-through and softer box.

### Novice 0511

Novice is the "First Pointe Shoe" for advancing beginners. Softer than other models, yet supportive. This model features a softer 2/3 box length, and very pliable shanks. Allows easily roll-through demi pointe and perform center exercises.

Sizes: 2 – 7,5  
 Width: N – XXXXX  
 Shank: SS, S, M  
 Box: 2/3

# POINTE SHOES BASED ON FOUETTÉ LAST

Fouetté last is developed with consideration of anatomic features of the high arch and fuller tapered foot. Usually, it's Egyptian or Greek type of foot, but in wider width XXXX — XXXXX can be suitable for Roman type. Fouetté is the implementation of a classic pointe shoe form — tapered and elegant.

# Tamara

- Platform: Medium  
Vamp: Soft V-cut, Medium  
Sole: Machine-stitched  
Wings: High
- Elasticated binding
  - Easy roll-through
  - Miracle paste
  - Shank reinforcement through center of the insole

## Tamara 0546

Thanks to its construction, this model offers a pliable yet consistent, supportive shank that forms perfectly to any dancer's arch. The shank is 5 mm shorter in comparison to the Maya model which provides a perfect fit.

The sides are all 5 mm lower when compared to the Maya style. This improved design offers:

- a smooth appearance even en-pointe position, provided by the heel counter which securely hugs the heel,
- a more streamlined fit.

Our incredibly soft microfiber lining adds additional comfort and prevents the shoe from sliding off the foot.

The use of our Miracle glue in the box and wings, offers extreme flexibility and allows these parts to be easily adapted by hand. This innovative paste works equally well in cold, warm and humid climates.

Elasticated binding provides a snug, secure fit.

Size: 2 — 9  
Width: X — XXXXX  
Shank: TM, TH, TR, TRH

**Introducing the "Tamara" Pointe Shoe**  
Inspired by love and perfected by design. Crafted by Nikolay Grishko's world renowned factories, this latest innovation pays tribute to his adored wife of 40 years, Tamara Grishko, designed for dancers aiming to highlight their arches, and achieve impeccable balance.

Fouetté Last — Built for compressible feet, Higher crown, medium platform, Forced V-Vamp, Elasticated Binding, Shank reinforcement through center of the insole, Easy roll-through, Miracle paste.

### What's New in Tamara? — Improvements from Maya I

**Upper Design**

- Reinforced vamp prevents spillage forward (on flexible feet). Fouetté last is tilted forward, therefore we needed a reinforcement.
- Double satin heel offers smooth look, stable and snug fit.
- Outcome: Sleek and streamlined fit, improved agility, and poise.

**Binding Upgrade**

- Transitioned from elastic drawstring to Elasticated Binding for a clean, snug finish.

**Side Adjustments**

- Lowered by 5mm from Maya I specifications for a sleek appearance, accentuating the arch.

**Shank Makeover**

- 5 mm shorter for a closer arch fit. Making the shanks true 2/3 length.
- Enhanced flexibility with robust arch support. Shanks are made from leatherboard and other materials that will be longer lasting and the added arch support will prevent the shoe from breaking low.

**Insole Upgrades**

- Transitioned to a microfiber insole to help with foot sliding in the shoe.

**Box Innovations**

- Employed improved, thermoplastic Miracle paste.
- Redesigned wings for superior fit and durability by adding an additional layer for the wings.

**Shanks offered** Tamara offers three hardness levels:  
**TM** Equivalent to 3007 SS.  
**TH** Optimal flexibility and durability. Shank should feel a little stronger than StreamPointe H.  
**TR** Enhanced flexibility with reinforced support. Shank should feel close to 3007 M.  
**TRH** Ultimate strength, ideal for those needing additional arch support. Shanks should feel like a 3007 H but with enhanced flexibility and durability.

**Quality Assurance**  
We've addressed and rectified previous design concerns from the Maya I model, ensuring premium quality with each Tamara shoe. This is the first model of Pointe shoes where a shoe constructor and pointe shoe technologists worked together on creating a masterpiece.

**Conclusion**  
The Tamara pointe shoe is a fusion of professional contemporary design, unparalleled quality, and functionality, tailored for every dancer, from novices to professionals. This model is built for compressible strong feet that are tapered or taper when squeezed.

FUSION OF  
PROFESSIONAL  
CONTEMPORARY DESIGN,  
UNPARALLELED QUALITY,  
AND FUNCTIONALITY

NeoPointe

Platform: Wide  
Vamp: Soft V-cut, Medium  
Sole: Machine-stitched  
Wings: High

- Soft detail in the box and soft microfiber lining
- Pliable Shank
- 2/3 box
- Streamlined fit
- Adaptable crown
- Elastic drawstring
- Lower heel

NeoPointe 0545

NeoPointe epitomizes softness inside and out. This uniquely soft pointe shoe model has the most pliable shank ever, featuring our FLEX technology combined with our Easy Roll-Through technology. The box has been shortened to 2/3 length, allowing the shoe to offer unsurpassed comfort during roll-through from demi-pointe to an en pointe position. Our incredibly soft microfiber lining and new extra special padding within the box add additional comfort and minimize toe pressure. By using our Miracle glue in the box and wings, the shoe adapts to the dancer's feet, allowing consistent support in the metatarsal area yet staying flexible at the same time for a greater variety of movements. The adaptable crown and streamlined cut make this model a wonderful choice for dancers of all levels.

**H** is Flexible and supportive shank is perfect for en-pointe work in classic ballet

**R** is a combination of both classic and new technologies, which gives the proper support and easy roll-through

Size: 2,5 — 9 (0,5 — 2 at request)  
Width: X — XXXXXX (only size 3–9 in XXXXXX)  
Shank: H or R only

StarPointe

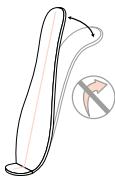

Platform: Wide  
Vamp: Soft V-cut, Medium  
Sole: Machine-stitched  
Wings: High

- Innovative construction
- Supportive, yet flexible shank
- Elasticated binding
- Low sides with higher heel
- Microfiber heel cup

StarPointe 0543

Based on the best selling StreamPointe model, StarPointe offers new possibilities with a different shank construction. The specially designed polymer shank is very supportive while also being flexible enough to form perfectly to any dancer's arch. A slightly raised heel offers fuller coverage and security. StarPointe features an elasticated binding for a streamlined fit.

Size: 0,5 — 9  
Width: X — XXXXX (only size 3–9 in XXXXXX)  
Shank: SF, MF, HF, SHF

SmartPointe

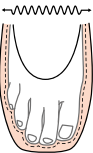

Platform: Wide  
Vamp: Soft V-cut, Medium  
Sole: Hand-stitched  
Wings: High

- Perfect for wider metatarsal
- Medium crown
- Flexible paste and shank
- Sleek but wide

SmartPointe 0537

Classic shank construction with easy roll-through.

SmartPointe has unique elastic glue that adapts to the dancers' foot but stays flexible. The box will mold to the dancer's foot shape over time with wear, but can also be adjusted during the initial fitting by hand.

EASY ROLL-THROUGH

Size: 0,5 — 9  
Width: X — XXXXXX (only size 3–9 in XXXXXX)  
Shank: SS, S, M, H, SH (at request)

StreamPointe

Platform: Wide  
Vamp: Soft V-cut, Medium  
Sole: Machine-stitched  
Wings: High

- Elasticated binding
- Broad metatarsal area
- Pliable shank
- Low sides and heel
- Streamlined fit
- Adaptable crown

StreamPointe 0541

Classic shank with easy roll-through. Elasticated binding further improves this new model, by providing a streamlined fit for dancers with shallow and square foot shapes. Pliable yet supportive shanks follow any arch height. Extreme flat platform will allow the dancer stability, and secure balance.

Reinforced shank

R — the hardest shank in StreamPointe. It is similar to Medium strength 3007, which is much less flexible and lasts longer. Reinforced shank is ideal for those, who need a little bit of extra support.

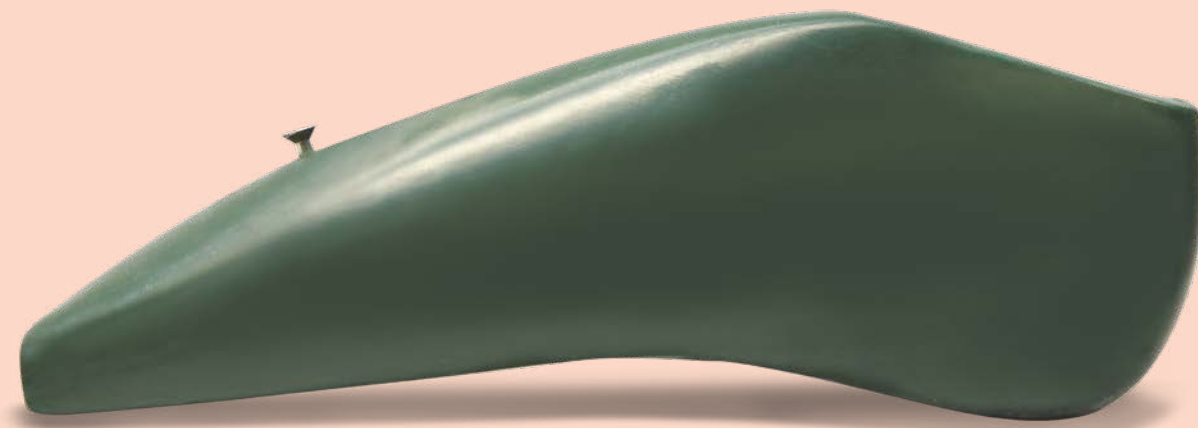

EASY ROLL-THROUGH

Size: 1 — 9,5  
Width: X — XXXXXX (only size 3–9 in XXXXXX)  
Shank: S, M, H, R

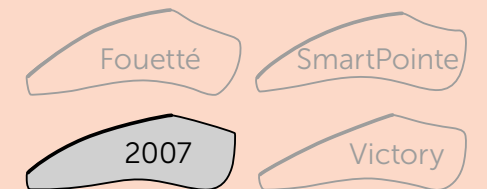

# POINTE SHOES BASED ON 2007 LAST

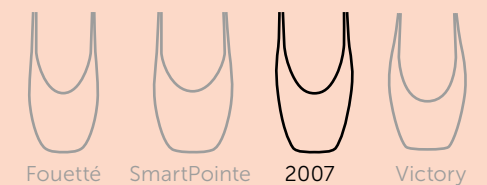

2007 last was developed with consideration of anatomic features of medium width foot, medium arch, and medium to long toes. This unique construction satisfies 90 % of dancers. Therefore, GRISHKO® has the widest variety of pointe shoe models based on the 2007 last. 2007 has a tapered dynamic form.

## AT REQUEST

DreamPointe 2007

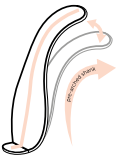

Platform: Medium  
Vamp: U-cut, Medium  
Sole: Machine-stitched  
Wings: High

- Lowered heel
- 3/4 shank feeling
- Lightweight flexible paste
- Long lasting shank

DreamPointe 2007 Pre-arched 0527/1

Innovative model that provides flexibility and resilient support. The pre-arched shank gives extra comfort and support to the arch. Forefront padding and pillow like insole guarantee added comfort and coziness.

Overly bending the shank will damage the shoe.

Size: 0,5 — 9  
Width: X — XXXXX (only size 4–9 in XXXXX)  
Shank: SF, MF, HF, SHF (at request)

Nova

Platform: Medium  
Vamp: U-cut, Low  
Sole: Machine-stitched  
Wings: High

- Lowered heel
- Sleek fit
- Flexible lightweight paste

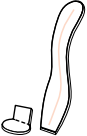

Nova 0524

Classic pointe shoes give the ballerina strong support for advanced en-pointe elements. Longer and supportive wings provide flexibility due to elastic paste.

Nova FLEX 0524/2

Flexibility and quiet platform. This model hugs the dancer’s arch to perfection.

Size: 0,5 — 9  
Width: N — X — XXXXXX (only size 4–9 in XXXXXX)  
Shank: SS, S, M, H, SH (at request)  
(0524/2 doesn’t have SS)

2007

Platform: Medium  
Vamp: U-cut, Medium  
Sole: Machine-stitched  
Wings: Medium

- 15+ year worldwide best-seller
- Unique form fits up to 90% of dancers
- Wide variety of shanks is suitable for any level

2007 0509

Classic shank construction provides strong support for advanced en-pointe elements.

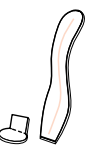

2007 PRO 0509/1

With softer insole and additional silent knot technology, makes pointe shoes quieter.

2007 PRO FLEX 0509/2

Flexibility and quiet tip due to combination of flexible sole and silent knot technology.

Size: 0,5 — 9  
Width: N — X — XXXXXX (only size 4–9 in XXXXXX)  
Shank: SS, S, M, H, SH (at request)  
(0509/2 doesn’t have SS)

3007

Platform: Medium  
Vamp: U-cut, Medium  
Sole: Machine-stitched  
Wings: Medium

- Easy roll-through
- Perfect for fine movements
- Anti-slip heel counter
- Lower heel and sides compared to 2007

3007 0538

Classic shank construction provides strong support for advanced en-pointe elements. Easy roll-through model. Antislip microfiber heel.

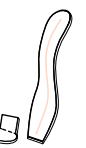

3007 PRO 0538/1

With softer insole and additional silent knot technology, makes pointe shoes quieter. Easy roll-through model.

3007 PRO FLEX 0538/2

Flexibility and quiet tip due to combination of flexible sole and silent knot technology. Easy roll-through model.

Size: 0,5 — 9  
Width: N — X — XXXXXX (only size 4–9 in XXXXXX)  
Shank: SS, S, M, H, SH (at request)  
(0538/2 doesn’t have SS)

# Miracle

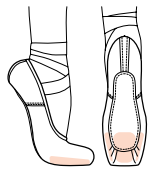

Platform: Medium  
Vamp: U-cut, Medium  
Sole: Machine-stitched  
Wings: High

- Lowered heel
- Ultra lightweight
- Super sleek
- Incredibly soft liner with antibacterial treatment

## Miracle 0525

Unique construction of shank makes this style durable, light and flexible at the same time.

### MOST QUIET

Unique construction of silent knot in the metatarsal area makes this model the most quiet in the line.

### ANTIBACTERIAL BOX & SOLE

Silver nano technology treatment of the inner lining.

### INCREDIBLY SOFT

Padding in the platform and box liner are comfortable and allow the dancer to not wear toe pads if desired.

Size: 0,5 – 9  
Width: N – X – XXXXX (only size 4–9 in XXXXX)  
Shank: LM, LH

# Kátya

Platform: Wide  
Vamp: U-cut, Low  
Sole: Machine-stitched  
Wings: High

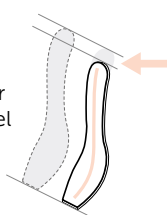

- Lowered sides and heel
- Long lasting shank
- Lightweight flexible paste
- Suede tip
- Pleatless box

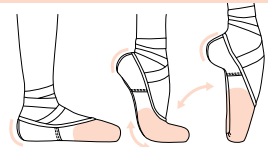

## GRIP&GLIDE TECHNOLOGY

## Kátya 0539S

Lower cut insole provides the perfect shape under the arch and shortened outsole eliminates the heel shelf in disappearing heels.

### EASY ROLL-THROUGH

Size: 0,5 – 9  
Width: N – X – XXXXX (only size 4–9 in XXXXX)  
Shank: SS, S, M, H, SH (at request)

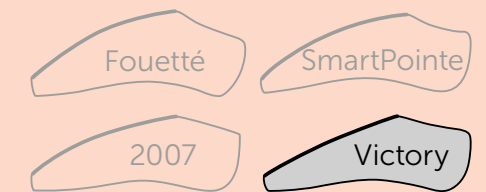

# POINTE SHOES BASED ON VICTORY LAST

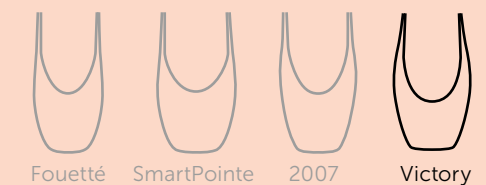

This unique yet extremely versatile last was created as an improvement to the iconic Elite last. This new last features an elegant faux taper that fits all foot shapes — Egyptian, Grecian and Roman. The Victory last has a broad platform for a perfect secure balance. This last was created for feet with a low to medium arch but also works for high arch. The U shaped vamp has a medium throat along with low sides and heel to showcase the dancer's feet.

## COLORS

## AT REQUEST

# Victory

- Platform: Wide

Vamp: U-cut, Medium

Sole: Machine-stitched

Wings: High
- Broadest platform
  - Generous box
  - Elasticated binding
  - Lux inner-lining
  - Easy roll-through

**Victory 0542**  
The wide box and extra internal space created by the faux taper make this model excellent for all foot shapes. Elasticated binding eliminates the need for a drawstring while the microfiber heel counter securely hugs the heel and prevents the shoe from slipping off. With a natural shank with easy roll-through and a brush of our Miracle paste on it's high wings, this model is very supportive while still allowing for easy demi-pointe. This instant best seller is humid climate resistant and long lasting. Victory is a must-have for your store's pointe shoe repertoire. Due to the high wing construction, this model is to be manipulated through the 3/4 area of the shank during the fitting, or broken in naturally by the heat of the foot.

**Victory FLEX 0542**  
Flex shank for dancers who need pliable shank for easy demi-pointe elements. This model hugs the dancer's arch to perfection.

Size: 1 – 11  
Width: X – XXXXXX (only size 3–9 in XXXXXX)  
Shank: VF, VSS, VS, VM, VH, VSH (at request)

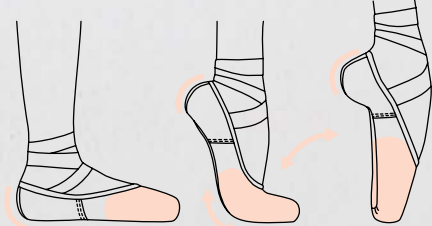

# VICTORY

## BROADEST PLATFORM

This new last features an elegant faux taper, while still fitting very broad and square foot shape.

### EASY ROLL-THROUGH

### ELASTICATED BINDING

**ANTIBACTERIAL BOX & SOLE**  
Silver nano technology treatment of the inner lining.

# SOFT BALLET SHOES

Soft ballet shoes seem simple, but that's only an illusion. For the majority of a dancer's career, they will be training in ballet flats, and finding a perfect shoe can be challenging. We've created different styles to work for dancers of every level and feet form.

VEGAN

We use canvas, stretch canvas, leather, or satin to offer dancers the choice they deserve. The outsole is usually suede, but we can replace it with the cruelty-free VEGAN option on request in split sole models.

HOW TO CHOOSE

Soft ballet shoes require the same accurate fitting as pointe shoes do. Ballet flats underline the feet, protect them and support the way it’s needed if they follow the shape perfectly and their features meet the dancer’s needs.

Soft pleats and binding make it easy to fit soft ballet shoes to different feet forms, yet the toe lengths vary and requires different vamps. The arch and feet strength also matter, therefore we created this chart to assist you in choosing the soft ballet shoes of your DREAM.

FEET STRENGTH \ ARCH	FEET FORM	
	LONG TOES	SHORT TOES
HIGH	Model 10 Tempo Synergy DreamStretch DreamStretch 10	Performance Tempo Synergy DreamStretch (Low cut) X-Stretch
MEDIUM	LittleStar Model X Model 10 Synergy DreamStretch DreamStretch 10 X-Stretch	Performance Model X DreamStretch (Low cut) Opus X-Stretch
LOW	LittleStar Performance Model X DreamStretch (Low cut) X-Stretch	Performance Model X DreamStretch (Low cut) Opus X-Stretch

X-Stretch

Absolutely amazing new last for soft ballet shoes creates a new form of the shoe that underlines arch and follows every shape of your feet. Strong stretch canvas hugs the foot and doubled heel grants the perfect shape.

- Unbelievable flexibility
- Articulated heel
- Contemporary look
- Pre-sewn elastics
- Elasticated binding

# LYRICAL SHOES

GRISHKO® Gymnastics half-soles, or as we also refer to them as “turner shoes” have been tested and perfected over the years by some of the top gymnasts in the world as well as now being worn by the top contemporary dancers in the United States.

## MATERIALS AND PROPERTIES

**GENUINE LEATHER**  
Used to make the sole and the upper of the shoe. Breathable material. Adapts to the foot shape.

**MICROFIBER** (artificial leather)  
Provides sufficient floor grip. Allows the skin to breathe. Long-lasting material.

**CANVAS** (100% cotton)  
A breathable and hypo-allergenic type of natural fabric which can be easily dyed.

**CALICO** (100% cotton)  
An extra thin type of fabric for proper fit.

**TERRY FABRIC** (100% cotton)  
Ensures dry skin and protects the foot.

**NON-SLIP SILICON**  
The shoes straps are covered with special non-slip silicon to ensure that the shoes fit perfectly even when performing complex movements.

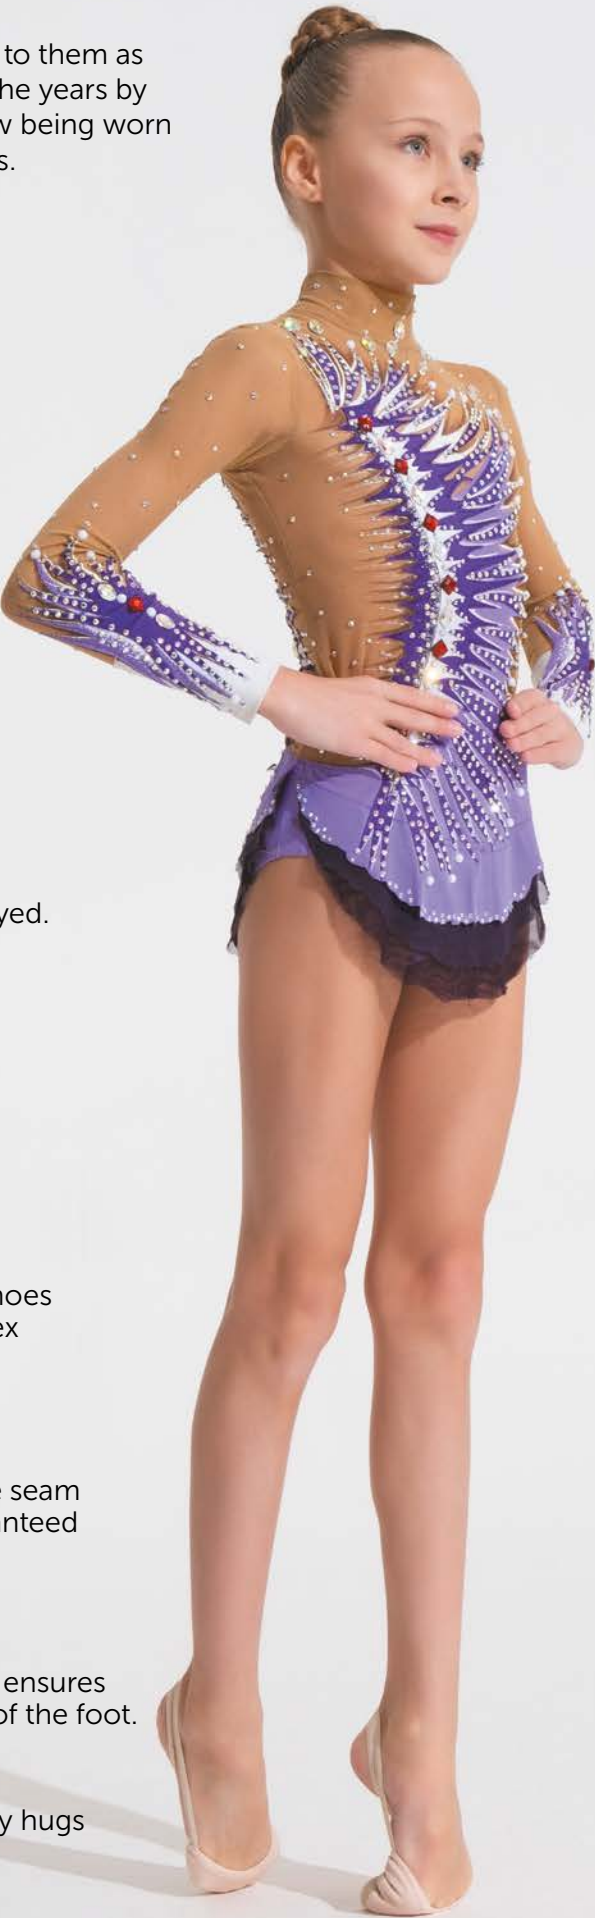

**FLAT SEAM**  
The sole and the upper are sewn together in such a way as to ensure that the seam is flat and even highly sensitive foot is guaranteed exceptional comfort.

**ELASTIC YARN THREAD** (Polyamide)  
Special type of elastic yarn used for sewing ensures that the shoe perfectly matches the shape of the foot.

**ELASTICATED BINDING**  
Due to elasticated binding the shoe securely hugs the foot and offers considerable comfort.

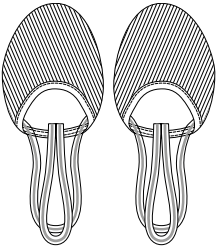

## Dream-Turner

Long lasting four way stretch canvas that is strong and resilient with a shock absorbing padded insole and terry lining. Flat seams, full microfiber outsole and unique pleatless construction offers comfort, durability and the best look to any foot on stage or rehearsal.

Vamp: High

Color: ● Ballet Pink ○ White ● Black

**03052L**  
Material: Leather  
Color: ● Ballet Pink ○ White ● Black

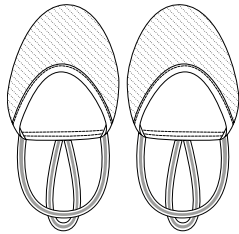

# Irina

A version with a lighter upper part to ensure maximum flexibility. Soft binding allows the shoe to adapt to the foot shape. Microfiber is a durable type of material which ensures that the shoe retains its shape and external appearance even during intensive workout sessions. Anti-slip sole guarantees perfect floor grip.

**03053**  
Vamp: Low  
Sole: Leather  
Size: 2XS, XS, S, M, L, XL, 2XL  
Widths: Medium  
Material: Microfiber  
Color: ● Ballet Pink

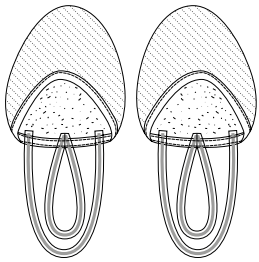

# Yana

This model features a faux suede upper and soft terry insole lining. The double elastics ensure a secure and snug fit.

**03054**  
Vamp: Low  
Sole: Faux Suede  
Size: 2XS, XS, S, M, L, XL, 2XL  
Widths: Medium  
Material: Microfiber  
Color: ● Ballet Pink

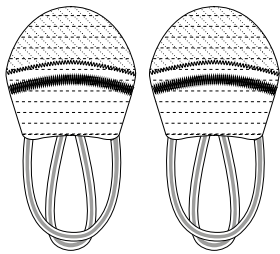

# Model 3

Special thickness of the polyamide thread used in the production of this model guarantees its exceptional durability. This model is machine washable! The shoes are extra light and incredibly comfortable.

**03055**  
Knitted Half-Sock  
Size: XS, S, M, L, XL  
Material: Polyamide  
Color: ● Beige

# Model 5

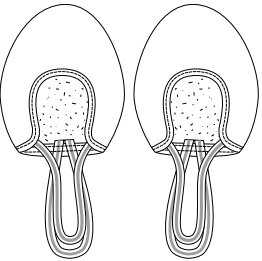

Special design and construction of the upper which is as open as possible. Extra protection for the toes is provided due to the specific binding. Flat seams guarantee maximum comfort. The foam insole with terry lining ensures soft jumps and rotations. This model has a lighter upper than Yana model. The sole made of artificial leather is exceptionally durable.

2 Weights  
1.1lbs each

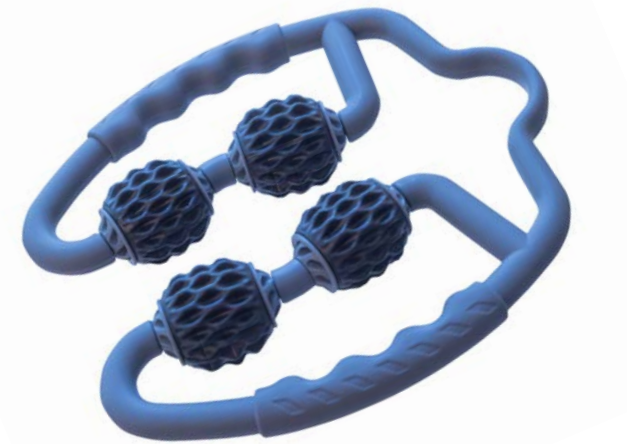

## Dual rolling leg massager

Restore Leg Massager is an indispensable tool for ballet dancers aiming to maintain flexibility, alleviate muscle pain, and enhance recovery. Its durable design and targeted relief capabilities make it a perfect addition to your daily routine.

**TT003G**  
Size: 25 x 5.8 x 29 cm

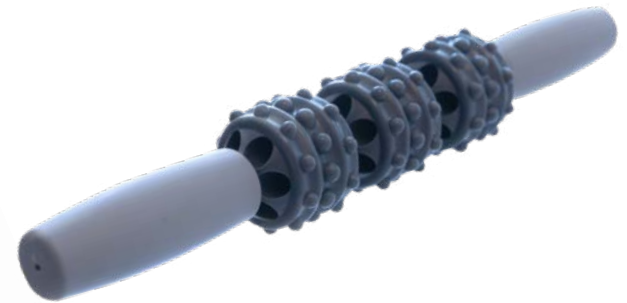

## Restore massage stick

Restore Pressure Point Muscle Roller Massage Stick with three roller balls is an excellent tool for ballet dancers to incorporate into their recovery routine. This massage stick, also known as a recovery stick or muscle roller stick, is designed for deep tissue self-massage to aid in pre and post-workout muscle recovery, particularly beneficial for the leg area.

**TT004G**  
Size: 31.3 x 5 cm

## Vibrating foam roller

Elevate your ballet training and recovery with the Vibrating Foam Roller, tailored specifically for the demands of ballet dancers. This high-density massage roller offers five adjustable speed settings to deliver targeted, deep tissue relief, effectively alleviating back pain and muscle soreness. Designed to enhance flexibility, reduce stiffness, and aid in muscle recovery, this foam roller is an essential addition to any dancer's toolkit.

**TT005VG**  
Size: 29 x 11 cm

## Vibrating peanut foam roller

Introducing the Vibrating Peanut Massage Roller, an essential tool designed specifically to cater to the unique needs of ballet dancers. This electric double lacrosse massage ball provides targeted deep tissue relief with four adjustable intensities, making it perfect for muscle pain relief, warm-up, and recovery. Compact and portable, it's an ideal companion for your dance bag.

**TT006VG**  
Size: 18 x 10 cm

# INNOVATIVE HI-TECH FORMULA

Removes,  
not masks  
the odor!

## S.O.S. Stop Odor Spray

Innovative hi-tech formula — removes, not masks the odor! Bonus: you can use it as an antibacterial spray for the barre!

### ART. SHOESPRAY

Volume: 50 ml

### ART. BAGSPRAY

Volume: 100 ml

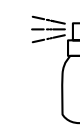

- The aroma is neutral — light and fresh it evaporates in a few minutes together with unwanted odor.
- Features antibacterial and anti-fungal properties.
- Hypoallergenic spray that removes odor on a molecular level.
- Cleans and disinfects surfaces and insoles of your shoes or dance bag.
- Extends the lifecycle of dance shoes and toe pads.
- Be the envy of all your friends, don't have a smelly dance bag!

## How to use

Do your dance shoes and toe pads smell?  
Does your dance bag have unpleasant odor?

Spray S.O.S. from 20 cm away into your dance bag. Spray the inside of your shoes and toe pads.

Wait 15-20 minutes or until shoes or bag are fully dry before next use.

No more foul smell!  
Only the feeling of freshness and confidence.

**Caution:** Keep away from fire. Do not ingest. Keep out of reach of children. Avoid eye contact, rinse with water if needed. In case of allergic reaction contact your doctor.

**Note:** the spray is harmless for your skin, but created especially for shoes, bags, and costumes, and not recommend to spray on yourself.

# BAGS & ACCESSORIES

## Large Road Bag

This stylish and chic duffel bag is the ultimate dance companion, offering the perfect blend of form and function. Crafted from our quilted material and available in four vibrant colors, it's designed to keep up with your every move. Cosmic Blue

# Silicone arch booster

Perfect for dancers with lower arch. Invisible under tights. Available in multiple sizes for perfect fit and compression support. Confidence booster for stage and auditions.

**0558**  
Material: Stretch fabric, silicone  
Silicone insert's size: S, M, L  
Sock's size: S (34 – 35),  
M (36 – 37,5),  
L (38 – 39,5)

# Pointe shoe covers

An ideal item for dancers backstage and between classes, they will keep your pointe shoes clean and stage ready. Pointe shoe protectors ideally fit and guarantee longer lifespan of your pointe shoes. Made of natural cotton to be breathable and hygienic.

**0560**  
Composition:  
88% cotton, 10% polyamide, 2% elastane  
Sole: faux leather: 50% nylon, 50% PU  
Size:  
S — for pointe shoes size 2,5 – 3  
M — for pointe shoes size 3,5 – 4,5  
L — for pointe shoes size 5 – 6  
XL — for pointe shoes size 6,5 – 8

# Foot protection “Misha”

Recommended for all types of contemporary dance, artistic and aesthetic gymnastics  
- PU foam bonded sole decreases friction.  
- developed for the ideal balance between freedom of movement and safety.  
- natural split leather outsole provides non- slip effect and durability.  
- reinforced toe bridge prevents tearing.  
- latex elastic binding hold the thongs on feet firmly and comfortably.

**03014**  
Sole: Natural leather  
Size: XS, S, M, L, XL, 2XL  
Material: 86% polyamide micro, 14% elastane  
Color: ● Beige

# Foot protection “Martha”

Recommended for all types of contemporary dance, artistic and aesthetic gymnastics  
- similar to 03014, but made of different main fabric — breathable shape-memory mesh for airy feel and extra comfort.

**03015**  
Sole: Natural leather  
Size: XS, S, M, L, XL, 2XL  
Material: 81% polyamide, 19% elastane  
Color: ● Beige

# Sewing Kit

The ultimate lifesaving accessory for every dancer. Whether you're sewing a new pair of pointe shoes or preparing for an unexpected emergency.

**SK002G**  
**19 METERS OF REPLACEMENT  
THREAD**

**SK001G**  
**SEWING KIT**

- 1 Thimble.
- 4 Safety pins.
- 1 Seam Ripper.
- 1 Gypsy needle.
- 2 Regular needles.
- 1 Needle Threader.
- 1 Pair of compact scissors.
- 1 Magnet with sewing instructions.
- 21 Yards of premium pointe shoe thread.

For added convenience, the inside lid of the tin features a magnet with sewing instructions to keep your loose safety pins and needles secure and easy to locate. The Grighko Premium Sewing Kit ensures you're always prepared, no matter where your dance journey takes you.

# Platform caps

**0555**  
Material: Split Leather  
Size: S, M

# Anti-slip platform caps

**0556**  
Material: Split Leather  
Size: one size

# 8-cut anti-slip platform caps

**0557**  
Material: Split Leather  
Size: one size

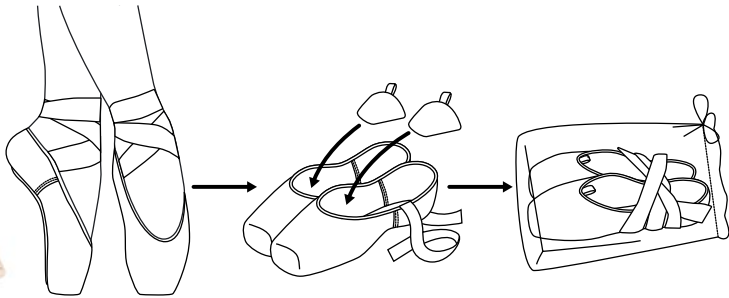

# Pointe shoe dryers

**0559**  
Color: Pink  
Filler: Silica Gel

This is something every fitter should offer with every pair of pointe shoes. These little helpers work wonders, eliminating the smell and pulling moisture right out of used pointe shoes. Our dryers add at least 30% lifespan to the box of your dancers pointe shoes. They must be replaced every three months for best results.

DIY Adjust the form of caps to the required size with the help of scissors.

## CLASSICAL RIBBONS

Classical satin and cotton ribbons for dancers of all levels. Tightly secure the pointe shoe on the foot, provide maximum support.

### Satin ribbon

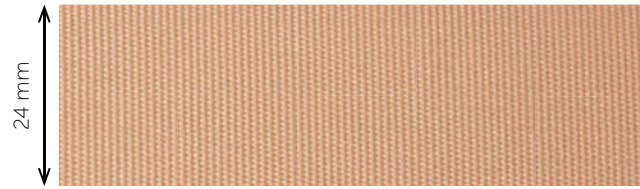

**0510/9**                      **0510/9R**  
Width: 24 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink ● Dark Nude

Satin ribbon of white, black, ballet pink colors to match pointe shoes. Classic look with a light sheer.

### Cotton ribbon

**0510/1**                      **0510/1R**  
Width: 24 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink

Cotton-like ribbon as matte surface prevents the ribbon from sliding off and grants a classic look.

### Satin ribbon with silicone

**0002/6**                      **0002/6R**  
Width: 25 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink

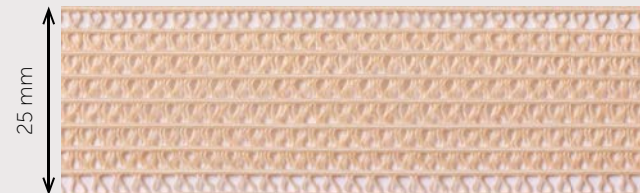

Satin ribbon with silicone is perfect for dancing without tights as silicone securely fixes the ribbon on naked skin.

## ELASTICS

Elastics are usually used in addition to ribbons to provide flexible fixing of pointe shoes on the feet. Some professional dancers use only elastics to fix their pointe shoes and create a contemporary look.

### Mesh elastic

**0002/3**                      **0002/3R**  
Width: 25 mm                      Roll of 25 m  
Pack of 1 m  
Color: ● Ballet Pink

Mesh elastic for those who prefer flexible fixing of the arch and ankle. Match the color of pointe shoes and theatrical pink ballet tights.

## HYBRID RIBBONS

A perfect balance that gives you enough support but allows a greater range of movement.

### Satin ribbon with pre-sewn elastic

**0510/4**  
Width: 24 mm  
Pack of 2.2 m (4 x 60 cm)  
Color: ● Ballet Pink

### Satin ribbon with pre-sewn mesh elastic

**0510/3**  
Width: 24 mm  
Pack of 2.2 m (4 x 60 cm)  
Color: ● Ballet Pink

Features elastic inserts that are placed on the Achilles tendon. The inserts reduce pressure on this sensitive area and help prevent tendonitis. A bestseller that combines the flexibility of mesh / elastic mesh and the classic look of satin ribbons.

## ELASTICIZED RIBBON

Maximum flexibility that allows natural flexion of your heel and ankle.

### Elasticized ribbon

**0002/7**                      **0002/7R**  
Width: 25 mm                      Roll of 50 m  
Pack of 2 m  
Color: ● Ballet Pink

The elasticized ribbon feels very comfortable while dancing.

### Transparent mesh elastic

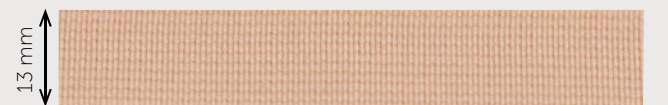

**0002/2**                      **0002/2R**  
Width: 28 mm                      Roll of 25 m  
Pack of 1 m  
Color: ○ White

Grants a flexible fixing, being almost invisible even on the naked skin. Choose between transparent and nude to match the color of pointe shoes and tights.

### Elastic

**0002/1**                      **0002/1R**  
Width: 13 mm                      Roll of 20 m  
Pack of 1 m  
Color: ● Ballet Pink ○ White ● Black ● Tan

Best option for soft ballet shoes and contemporary dance.

Moleskin toe pads

1020 LIGHT

Size: S, M, L, XL  
Color: ● Light Pink

Supportive and soft toe pads for the best possible fit and comfort. The extra-thin design allows dancers to feel the floor while preventing blisters and corns. This innovative pad is adjustable in length, just cut them down to your dancers foot.

1021 PRO

Size: S, M, L, XL  
Color: ● Light Pink

This versatile toe pad features a lightweight upper and a protective lower section. The soft, moleskin-like lining conforms to your foot for superior comfort. Strategically placed air vent holes harness your natural body heat to mold the toe box of your pointe shoe. Ideal for dancers requiring additional lift to accommodate a higher crown.

1022PLUSH

Size: S, M, L, XL  
Color: ● Light Pink

These versatile, extra-protective toe pads offer a soft, moleskin-like lining for a glove-like fit and exceptional comfort. Strategically positioned air vent holes use your natural body heat to shape the toe box of your pointe shoe precisely. This design is perfect for dancers seeking additional padding without excessive bulk.

HOW TO CHOOSE

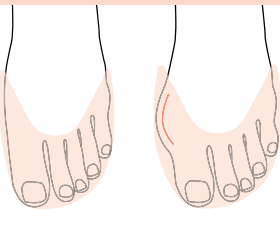

REMEMBER!

No space should be left between the pointe shoe inserts and toes, and inserts should always cover bunions. The comfort in the box depends on correctly fitted pointe shoes and pads.

Short toes /  
No bunion

Long toes /  
Bunion

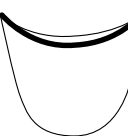

Sensitive  
feet

SILICONE  
TOE PADS

Made of medical silicone to protect foot: thick in the bottom, thin on the toes.

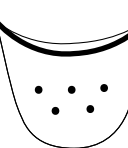

ART. 1009A

ART. 1009B

PERFORATED  
SILICONE  
TOE PADS

Microperforation makes these pads breathable.

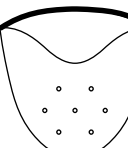

ART. 1010A

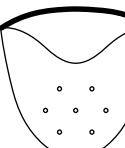

ART. 1010B

MOLESKIN  
TOE PADS

Extremely thin with a soft-to-touch moleskin upper lining these toe pads will fit your foot like a glove, providing unsurpassed comfort.

ART. 1020

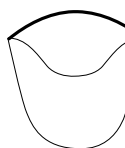

ART. 1020

COTTON-GEL  
TOE PADS

Covered with natural cotton, these pads are thicker than silicone alternatives and can increase the width of your pointe shoe by up to 1/2 size.

ART. 1008/1

ART. 1008/2

MINI SILICONE TOE PADS

Can be used on their own or in addition to any other pads above. Use one or two mini silicone pads to separate toes when needed, and remember they have different sizes that allow ballerinas to combine them different ways. Strongly recommended if there is large space between toes.

# HOW WE HELP RETAILERS BOOST SALES

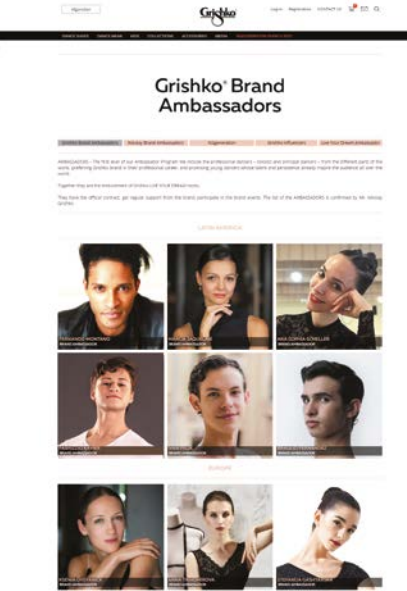

When our retailers prosper, we prosper, too. That is why we have a wide range of marketing tools to help you sell our products.

**MEDIA MATERIALS AND DESIGN**  
We provide retailers with high-resolution photos of our products that you can use in store or online. We can also create designs for your stand, brochures and other promotional materials that feature our products on request. Contact your international brand manager or your sales representative to discuss if you need any promo materials.

**PARTNER SCHOOLS**  
We are a retailer-centric company, therefore we created a program uniting ballet schools, retailers, and an amazing quality. For consideration into the Partner School Program, please contact your personal manager.

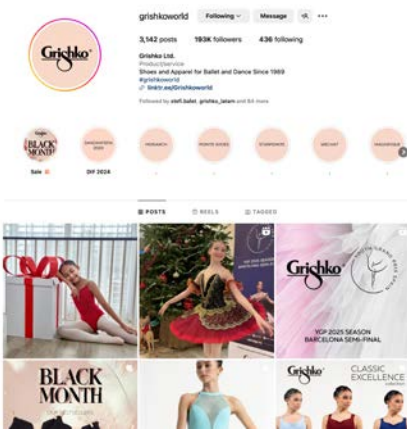

**AMBASSADORS**  
To better promote GRISHKO® products, you can rely on the strong brand image we built both on social media and in the professional world of ballet with the help of our ambassadors.

**GRISHKO® Brand Ambassadors**  
are the first level of our Ambassador Program. We engage professional ballet artists — soloists and principal dancers — as well as promising young talents who inspire hundreds of thousands of ballet lovers all over the world.

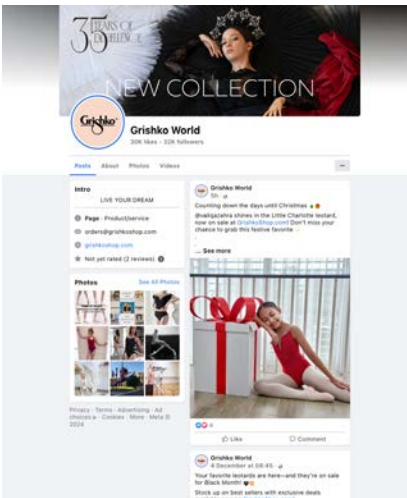

Our Brand Ambassadors are true icons of dance, winners of most prestigious ballet contests who have both impeccable ballet technique and strong media presence. Together, they promote the GRISHKO® brand and embody our motto — LIVE YOUR DREAM.

They have an official contract, get regular support from the brand, and participate in the brand events.

grishkoworld

@grishkoworld is great opportunity to feature your store and share all the news regarding new arrivals and in-store events announcements.

FOR FEET WITH MEDIUM AND HIGH ARCH

Recommended lasts: 2007, Fouetté, SmartPointe

ATTENTION:  
Size chart is provided as a reference and an approximate guide only and does not guarantee an exact or perfect fit.  
The proper fit of pointe shoes depends on individual foot shape and toe pads used by dancer.  
The recommended way to determine correct pointe shoe size is to be fitted in local shop.
